Foreign Ministers Confer In Effort To Prevent Deadlock

Coal Crisis Now Becoming Acute In Many Areas

Despite Handicaps To Nation Strike Settlement Is Not Seen As Imminent

PRESIDENT MAY HAVE TO INTERVENE

WASHINGTON, May 2.—(INS)—A gathering industrial crisis invited direct intervention by President Truman today in the 32-day soft coal strike deadlock.

Secretary of Labor Schwellenbach was presenting daily reports to the White House on the mine shutdown which already has resulted in a power "dim-out" in Illinois.

One labor official declared:

Crisis Is Near

"The crisis will arise in the next eight or nine days. It is becoming very, very acute in some sections of the country.

"Companies are telephoning and telegraphing in asking for coal. The president may have to get into the situation."

Labor department sources admitted that four weeks of mediation at the cabinet level has produced no progress toward a new contract which would return 400,000 striking bituminous miners to their jobs.

An additional 72,000 anthracite miners are scheduled to walk out May 31 in support of similar demands.

Despite the growing alarm felt by industry throughout the nation, John L. Lewis and the soft coal operators were described as just as far apart in their negotiations as they were when the wage conference began on March 12.

Lewis Calls Committee

Lewis' action in summoning the UMW's 250-man policy committee to a session in Washington next Tuesday caused considerable speculation among operators and government officials.

It was reported that Lewis planned to report to the committee on the coal strike picture at that

UN Committee Is Beginning To Sift Evidence On Spain

NEW YORK, May 2.—(INS)—A special United Nations sub-committee today sifted a mass of preliminary evidence designed to prove Franco Spain is menacing world peace, meanwhile waiting for full-dress official reports from all of the governments affected.

Second formal meeting of the security council's inquiry board was put off until next Monday afternoon. The five members anticipated it would take that long for the United Nations to respond to their call "for all relevant material in their possession on the situation in Spain".

Many Messages

At yesterday's first session, 461 telegrams and letters from private individuals and non-governmental organizations were scrutinized. With the exception of five of these communications, Generalissimo Francisco Franco's fascist regime was roundly condemned as a progenitor of international friction.

Various United Nations actions against Spain were proposed, ranging from collective severance of diplomatic relations to the application of economic sanctions.

Most of the communications urged that the Spanish Republican govment-in-exile be recognized. Others suggested that a new regime should be established in Madrid on the basis of "a free democratic election".

There were protests against "execution and terror tactics" of the Franco government. Petitions for

May Not Carry Out Program For Palestine

WASHINGTON, May 2.—(INS)—Immediate reaction to the Anglo-American committee report recommending the admission at once of 100,000 Jews into Palestine today caused speculation over the possibility that the program may not be carried out.

The report itself, proposing several other reforms, was made public with President Truman's endorsement on Tuesday. It was believed that Mr. Truman would further clarify his position today.

Immediate Reaction

The most immediate reaction to the report, which simply recommends a procedure for settling the Palestine situation and carries no authority, came from British Prime Minister Clement Attlee. He told Commons that he had asked the United States to what extent it would be willing to lend military and financial support to implementing the recommendations.

This proposal was believed to strike at the heart of the problem of moving any extensive number of Jews into Palestine in the face of universal Arab displeasure and threats of violence.

Mr. Truman is believed to be aware of the situation. It was recalled that, soon after he entered the White House, the President declared to a news conference that U. S. participation in the Palestine muddle depended on the willingness of the American people to commit several hundred thousand U. S. troops.

Labor Difficulty At Briggs Plant

Detroit Plant Sends 6,471 Workers Home As Result Of Labor Troubles

DETROIT, May 2.—(INS)—The Briggs Manufacturing company closed its Mack avenue plant at 10 a. m. today and 6,471 employes were sent home as a result of labor difficulties.

A company spokesman said the shutdown followed a series of walkouts in various departments following discharge yesterday of four men for failing to meet production standards. One hundred men refused to go to work this morning in that department.

Another 150 men refused to work today, the spokesman said, following "docking" of 76 men in their department for failure to keep up with production standards.

The Briggs spokesman said the two strikes were in violation of the contract with the union, as the union had agreed to the standards.

Other "sympathy" walkouts followed the closing of the two departments, the spokesman claimed, and the decision to close the entire plant followed.

He added:

"There appears to be an organized slow-down plan being followed throughout the plant."

THREE INJURED

HARRISBURG, May 2.—(INS)—Floyd E. Clark, 28, of Wycoff, N. J., his wife and a baby daughter were in the Harrisburg hospital today for treatment of injuries sustained when their automobile truck a pole on the outskirts of Harrisburg.

State police reported the accident occurred when Clark fell asleep at the wheel. Two power lines were snapped by the crash and residents in the area were without service for more than 30 minutes.

Contract Let For Paving Here

According to announcement from Harrisburg, contract for construction of the by-pass route in New Castle on 422, which is paving of Neal and Taylor streets, and a little section on Butler avenue extension, has been awarded to the New Castle Duntile company.

The bid of the New Castle company was $79,226.05.

Correspondents Protest Being Held By Soviet

CHANGCHUN, May 2.—(INS)—Five U. S. correspondents protested today to Chinese Communist Party Leader Mao Tse-Tung that Communists army troops have held them under "protective" house arrest since the capture of Changchun April 16.

(One of the five correspondents is Charlotte Ebener, International News Service staff correspondent.)

The correspondents sent their protest to Mao via the Communist branch of Peiping executive headquarters.

They said they were adequately lodged and can buy food, but objected strongly to being held under house arrest.

The correspondents also complained that the Soviet Tass News Agency correspondent had been granted full freedom in Changchun by the Chinese Communists while they had been kept under armed guard.

SITUATION IN PALESTINE IS NOW MENACING

JERUSALEM, May 2.—(INS)—"Private" Jewish armies drilled in the Holy Land today despite British insistence they disband before implementation of the report of the Anglo-American committee of inquiry on Palestine.

Zionist spokesmen, faced with Arab threats of violence to prevent further Jewish immigration, approved the military activity. They said they would prefer "illegal" entry of Jews rather than jeopardize the lives of the existing community of half a million persons.

Arabs Girding

Arabs in Palestine also girded for the lowering storm ahead. With a symbolic protest strike called for tomorrw, the Arab higher committee petitioned officials in neighboring Arab states to join the demonstrations.

The Palestine committee has requested a special meeting of the Arab league to adopt "necessary resolutions to save Palestine from the dangers threatening it". One Arab leader said of the reports of pending violence:

"What are we to do—sit back with folded arms and watch a large number of Jews streaming into our country?"

TO AID BRITISH BRIDES

PITTSBURGH, May 2.—(INS)—An organization to help British brides "catch on" to American ways was being formed in Pittsburgh today.

The club, composed of British born women who have lived here for many years, will hold its first meeting next Wednesday.

And to ease the British lassies into the new world, tea and crumpets will be served at the gathering, a spokesman for the group reported.

County To Have Commencements For 871 In May

Eleven High Schools In County Plan Graduation Before Memorial Day

SENIOR CLASSES DECLINE IN SIZE

Approximately 871 High School seniors will be graduated in Lawrence county during the month of May, reports from the eleven high schools in the county reveal.

This total is a considerable drop from peak several years ago.

New Castle-Largest

The local senior high still has the highest total with 328 expected to graduate, and Ellwood City has 243 in the senior class.

Commencement in New Castle will be May 28, the earliest graduation the school has ever known, and in Ellwood City it will be May 21.

The 328 seniors graduating from New Castle Senior High are the second section of this year's senior class. Commencement was held for 157 in January, making the class of 1946 one of 485.

County Schools

In the county high schools, Union has the largest class. Fifty-five Union seniors will receive their diplomas on May 24, while both New Wilmington and Shenango will graduate classes of 43 seniors on May 29.

Bessemer High School will graduate 38 students on May 28, the same day that Wampum graduates 24 seniors, East Brook graduates 15, and Princeton graduates 11.

Commencement for both Mt. Jackson and Plaingrove will be on May 24, with 25 students leaving Mt. Jackson and eight graduating at Plaingrove.

Enon Valley, which no longer has a high school, will hold a grade for high school in East Palestine or at Mt. Jackson.

Former Justice Roberts Calls On President Today

Truman Summons Former Supreme Court Justice For Conference In White House

WASHINGTON, May 2.—(INS)—President Truman conferred today with former Supreme Court Justice Owen J. Roberts.

Roberts called at the White House at the president's request.

Asked whether the call had any bearing on Mr. Truman's consideration of a nominee for the post of chief justice White House secretary Charles G. Ross said:

"You can draw your own conclusions."

The White House scheduled a news conference for 4 o'clock (EST) this afternoon.

"Does the news conference mean that the supreme court announcement is ready?" Secretary Charles G. Ross was asked. He replied:

"That is for him (the president) to say."

Rail Negotiations Break Down Today

President Truman Alone Can Prevent Strike Called For May 18

CHICAGO, May 2.—(INS)—The nation was threatened with a railroad strike today when negotiations between two brotherhoods and representatives of the carriers broke down.

Representatives of the Brotherhood of Locomotive Engineers, and the Trainmen's Brotherhood walked out of the negotiating meeting today.

The brotherhoods, prior to the opening of negotiations called a strike for May 18.

Only action by President Truman can now prevent complete tieup of the nation's railroads.

Illinois Gets Dimout Order

Drastic Move Is Forced By Coal Shortage Due To Miners' Strikes

CHICAGO, May 2.—(INS)—A drastic electrical dimout was placed in effect today in Chicago and two-thirds of Illinois in a move to conserve coal supplies seriously depleted by miners' strikes.

The dimout, more drastic than any similar war-time restriction, was ordered by the Illinois Commerce Commission as a measure for safeguarding public health and safety during the coal shortage.

Industries Curtailed

Hit hardest by the order are industries, which must curtail their use of electric power to 24 hours a week, Monday through Friday.

As a result, production and employment in 15,000 industrial plants face sharp reductions. The plants employ 600,000 workers.

J. E. Duffield, field secretary of the Association of Employers in Illinois, pointed out that workers now employed 40 hours will be laid off 16 hours and those on a 44-hour week will be laid off 20 hours.

Housing Board Is Appointed

During Council meeting which was held in City building today Mayor John F. Haven appointed a housing board here. Colleagues voted unanimously for the appointments and they, with members of Council will meet with a representative of the Housing Priority board, Pittsburgh area, in City Hall tonight.

The men appointed to the committee follow: A. A. Webb, chairman, Richard E. Rentz, Edward Rommel, Ralph Audino and Joseph Frengel.

News Briefs

WASHINGTON, May 2.—(INS)—**The White House again today emphatically denied that President Truman discussed any business or politics with French Foreign Minister Georges Bidault yesterday in a trans-Atlantic telephone conversation. President Secretary Charles G. Ross flatly denied reports published in Paris that President Truman assured Bidault over the phone that France would get the food it needs from America."**

GRANTHAM, Pa.—Police today were investigating a mysterious fire and explosion which resulted in damages estimated at $10,000 to a private dwelling in Grantham. Firemen were unable to ascertain the cause of the blast which was the sixth reported in the small Dauphin county community in recent months.

NUERNBERG—An admission that his planned trip to the United States in February, 1940, was for the purpose of sabotaging American assistance to then embattled Great Britain was wrung today from the lips of Hjalmar Schacht, the Nazi regime's financial wizard.

LEBANON, Pa.—City officials at Lebanon today ordered a brownout efective tonight to conserve dwindling bituminous supplies. Simultaneously, the Northern Refractories Co., a brick manufacturing firm at Newmanstown, suspended operations due to a lack of soft coal. The firm employes approximately 200 workers.

Black Market Activities Grow In Butter Sale

WASHINGTON, May 2.—(INS)—The government revealed today that black market activities in butter have increased, creating the worst shortage of butter the American housewife has yet faced.

In its monthly review of dairy markets, the Agriculture Department reported that the amount of butter sold through "old established channels" during April declined, largely because of diversions into "new distributive outlets".

New Proposal On British Loan

Senator Aiken Would Seek Guarantee Of Trade Restrictions Removal

WASHINGTON, May 2.—(INS)—Sen. Aiken (R) Vt. proposed today that Britain be advanced only one billion dollars the first year of the British loan with the remaining 2½ billions contingent upon "substantial progress" in removing her trade restrictions.

Aiken said he would offer this "guarantee" plan as an amendment to the 3½ billion dollar loan agreement resolution. He predicted that its adoption would insure Senate passage of the credit program.

The latest modification was set forth as administration leaders learned that the first "test" on the loan would come on a move to suspend Senate action until the House has voted. Sen. Johnson (D) Col., announced he would demand a vote on a point of order that the loan is a revenue matter and therefore must originate in the House. Some loan adherents feared members who are "reluctant" supporters might take Johnson's plan. They conceded it would mean certain delay for enactment of the agreement — and possibly its rejection.

Aiken, a Republican who has supported the administration on monetary and foreign policy issues, pictured his amendment as one which would satisfy most opponents.

Indict Three In Death Of Sailor

ERIE, Pa., May 2.—(INS)—Three Erie persons were under indictment today for the March 4 murder of Robert Fisher, 24-year-old sailor, whose bullet riddled body was found in a shallow grave near an Erie golf coures.

District Attorney D. J. McLaughlin said that Michael Bubna, 29; his sister, Carmen Thomas, 24, and Michael Dominic, 24, allegedly killed Fisher in a fight over money. McLaughlin said the trio also was implicated in an automobile theft ring.

White House Silent On British Report

WASHINGTON, May 2.—(INS)—The White House declined any comment whatsoever today on London reports that the British government had requested the United States to share in the job of keeping order in Palestine.

Nor would the White House comment on reports that Prime Minister Attlee had addressed a communication to the American government on the Palestine problem.

Indictments Of Black Market Dealers Asked

NEW YORK, May 2.—(INS)—Leo F. Gentner, regional OPA administrator, said today that his staff is "examining and sifting" a large amount of evidence of meat price violations which will be submitted to the U. S. attorney for indictments.

At the same time, Gentner revealed that black market or profiteering operations in meat have dropped substantially in the last several days, apparently because of the nation-wide drive against chiselers.

It was learned that the New York OPA request for indictments will be followed by similar action in other OPA areas. OPA officials said "drastic criminal and civil actions" can be expected.

Gentner said that "large and small" meat dealers are involved in the web of evidence. He added that while some packers are included most of the violators are the middlemen who sell to restaurants and retail butchers.

As proof that the campaign against chiselers is making headway, OPA officials pointed to the increase in the production of federally-inspected meats.

Grain Dealers Protest Action Of Black Market

PITTSBURGH, May 2.—(INS)—Pittsburgh grain dealers and manufacturers today debated whether to close down their establishments in a "protest strike" against black market competition and government regulations.

O. A. Rector, vice president of the J. C. Stewart company of Pittsburgh, charged that black marketeers and government agencies which are buying corn are paying 10 to 30 cents a bushel over OPA ceilings, but "won't let the legitimate grain dealers compete for corn by buying at the same price."

Rector said that he learned that corn being purchased by the government is going to be shipped overseas, adding:

"It's about time the so-called representatives of the people in Washington give some attention to the requirements of the citizens and taxpayers of this country instead of devoting their time and attention to feeding the rest of the world."

The plight of the grain dealers was brought in the open by a letter mailed to grain dealers through the nation by Rector.

SUPPLY OF SMALL FLAGS TO BE SHORT

NEW YORK, May 2.—(INS)—Millions of soldiers' graves will not be decorated with small flags this year, as has been the annual custom since Civil war days.

Flag manufacturers and distributors revealed today that they have been unable to obtain the unbleached cloth usually used, because cotton mills are concentrating on manufacture of more expensive goods.

Informal Session Of Big Four Being Held In Attempt To Avert Breakdown

STALEMATE ON ITALIAN ISSUES

PARIS May 2.—(INS)—The big four foreign ministers, faced with the possibility of a breakdown in their formal council sessions, decided today to meet informally this afternoon and with reduced staffs in the hope of reaching agreement on insoluble problems.

The afternoon session is scheduled to begin at 5 p. m., Paris time (12 noon EST).

Instead of the round-table, full-scale conferences that have been the custom to date, the smaller sessions will see only the four statesmen of Great Britain, United States, France and Russia in action, assisted only by two advisers each.

Seek To Reach Solution

The informal meetings will attempt to find a solution to the problems which, so far, have baffled denoument. Full-scale sittings will be reserved for final agreements or hearings of statement form Italian, Yugoslav and Australian spokesmen.

Dana Homestead To Remain Until City Work Starts

Mayor John F. Haven today stated that reports that the city will immediately remove the Dana home at North Jefferson and Grant streets are untrue. "The homestead will not be removed until the new city building construction gets under way," the mayor stated.

It is not yet known when the building will be started. A decision in regard to this depends upon whether or not the city can obtain materials in view of certain priority regulations that only certain materials are available for buildings, other than homes.

Bus Strike Ties Up Transportation

AMBRIDGE, Pa., May 2.—(INS)—Thousands of steelworkers and commuters in the Aliquippa-Ambridge district today remained without bus transportation as a strike of 44 CIO-employees of the Woodlawn & Southern Bus Company continued on strike for a second day. The workers walked out yesterday demanding a wage adjustment.

JOBLESS RECEIVE $2,534,146 TOTAL IN APRIL 26 WEEK

HARRISBURG, May 2.—(INS)—State Treasurer Ramsey S. Black announced today that unemployment compensation payments to 137,871 jobless Pennsylvanians during the week ended April 26 totaled $2,534,146.50 while 216,096 former service men were paid $4,318,281 in the same period.

He reported that in the previous week 106,487 unemployed workers received $1,954,406.75 and 171,703 veterans were paid $3,417,703.

Report Italian-German Clashes In Italian Tyrol

VIENNA, May 2.—(INS)—Clashes between the Italian and German speaking residents of the Italian Tyrol were reported raging today coincident with the beginning of a general strike in the Austrian Tyrol.

News of the disorders was announced by the Austrian foreign minister's office. American officials were informed immediately.

The general strike got underway at seven o'clock this morning, according to the report from the foreign minister's office.

It said rioting erupted in Bozen, Meran, and Brizen in the Poster Valley. The strike was reported tying up traffic, communications, industry and utilities

The walkout was described as a protest against the decision of the big four foreign ministers in Paris to leave Tyrol within the boundary of Italy.

(The British radio reported that a general strike had begun in Austria. It said all work and traffic had stopped in the Tyrol area except in concerns working directly for the French occupation forces.)

The foreign minister's office described the strike as a "spontaneous reaction of Tyrolese farmers and workers."

It disclaimed a hand in the protest.

Wage Increase At Metropolitan Brick Company, Bessemer

Negotiations between C. Blair, president of Metropolitan Paving Brick company, Bessemer, and John H. Grittie, local representative of U. S. Steel Workers of America, CIO, resulted in an 18½ cents per hour increase in wages for employes to be effective as of May 6, 1946. It was also agreed that employes are to receive 10 per cent of the total wages earned from April 1, 1945, to May 6, it is announced.

This agreement was reached at a meeting held in Bessemer on Wednesday.

AROUND CITY HALL

When council met Thursday in city hall, council passed a resolution authorizing Mayor John F. Haven and City Clerk Jack H. Fritz to execute a contract between the city and New Castle Duntile company by which the Duntile company will perform the city's share of work in connection with the paving of Butler Avenue extension, Taylor and Neal streets, which will be a part of the new Route 422, and which now is known as Spur 79.

White Street will be paved this summer at the cost of the abutting property owners, council stated today. They will each pay their share to the city before the improvement gets under way, it was reported.

It was reported in council today the county of Lawrence commissioners propose to sell at tax sale some lots acquired by the city years ago from the Harmony Short Line in Taylor street and on which there are liens. The city solicitor was given authority to bring mandaums proceedings to set aside any such sales.

When council met in city hall Thursday, there was adopted an ordinance appropriate $8,000 from general revenue to pay rental for 300 new parking meters to be installed here. The meters were purchased on the lease plan and cost $75.00 each, less $10.00 for the old meters.

April police department receipts amounted to $1,174.37, according to a report submitted by Mayor John F. Haven to council today . . . Cascade Park dance hall roof was repaired by Glenn Shaffer at a cost of $109, to the city . . . Finance Director Albert Hoyland was authorized by council today to attend the municipal officers convention at Richmond, Va., in June.

In addition, he receives overtime and other pay sometimes reaching 25 per cent of base pay, plus food and lodging valued at $175 a month.

SS. Philip-James' School Anniversary

Twenty Years Organization Of School Celebrated With May Day Pageant

School children of SS. Philip and James' school numbering 150 participated in an elaborate and colorful May Day Pageant, commemorating the 20th anniversary since the Parochial school's organization.

Both Polish and English language was used in the pageant—which was original—also Polish and American costumes, dances and music made the performances lively and interesting. One of the special features was the children's chorus of 120 voices, which sang throughout the pageant.

The program was under the direction of the faculty of the school: Sisters Imelda, Grace, Geraldine and Leonette—teachers of the Holy Ghost Order—and Music Director Miss Marie A. Dutkiewicz.

At the conclusion of the performance Rev. V. V. Stancelewski, pastor and the faculty were presented with appropriate gifts. The school children, Rosary Society, Sodality, Altar Guild and Girl Scouts Troop No. 19 made special donations to the school fund. Presentations were made by Stanle Wrona, Dolores Duda, Nancy Leckwart, Rosemarie Frankowski and Sophie Bukowski.

Rev. V. V. Stancelewski addressed the large audience, expressing his appreciation for the co-operation and the wonderful program. A reception followed the pageant with the Young Alumni participating.

Plan More And Better Exhibits For Farm Show

HARRISBURG, May 2.—Visitors to the 1947 Pennsylvania State Farm Show will see the effects of streamlining planned for their convenience as soon as they enter the front door to the main building, according to an announcement today by the Farm Show Commission.

Instead of the usual window exhibits that traditionally have occupied the long halls on each side of the main or central entrance lobby, State Farm Show visitors will be able to see the cream of Pennsylvania farm products in the thousands of competitive exhibits placed by farmers in the hope of winning blue ribbon awards.

Amputee Vets Lead Unit In Production

CHICAGO—(INS)—Three veterans with only one hand between them rank highest in their unit for production at the Bureau of Public Debt at Chicago's Merchandise Mart.

Harold Bork, 30, lost both hands in a land mine explosion on Saipan. He returned to civilian life about a year ago and found a job operating a microfilm machine which detects defects in war bonds.

Then William Dorsch 25, who had only one arm left after landing on Leyte found a job in the same office.

The third veteran to join the trio is Lawrence J. Borko, 27, who lost both arms on Okinawa.

Of their 7,000 co-workers, 1,066 are veterans, 60 of them with service disabilities.

Camp Dates Set For Girl Scouts

Mrs. Helen Weinschenk, chairman of the camp committee of the Girl Scout council ,announced the dates of the summer camps this year as July 8-19 for day camp at Cascade park and July 28-August 10 for established camp. The announcement was made at a meeting of the Leaders' association in the scout office Tuesday evening.

Mrs. Harry Wettich, chairman of the program committee, and of the mother and daughter banquet on May 13, informed leaders that the deadline for making reservations for the banquet was Saturday, May 4.

Interment took place in Slippery Rock cemetery.

LITTLE PROGRESS MADE AS YET ON TREATY PROBLEMS

(Continued from Page One)

table informally followed the council's failure this morning to agree on even the minor detail of whether an Allied commission should be established in Italy after the peace is signed and continue to round up war criminals. Foreign Commissar V. M. Molotov of Russia objected to this.

French Foreign Minister Georges Bidault, who also is host for the Paris meeting, then proposed the informal sessions, with American Secretary of State James F. Byrnes concurring and reportedly adding that he was "prepared to try any procedure which will render agreement easier."

Talk More Freely

A high source explained the new tactics will permit the big four statesmen to talk more freely on all questions pertaining to the Italian treaty under discussion, and will be able to use a broader outline instead of being down to one item at a time.

He said this will enable a "give and take" parley that will facilitate final agreement.

This afternoon's first informal meeting is to be held in Secretary Byrnes' office, since he is scheduled to preside at the next gathering. Thereafter, the foreign ministers will rotate the subsequent sessions in their various offices.

Delegates to the Paris peace treaty talks also hoped to hear from experts forming reports on Italian naval reparations and economic problems.

U. S. Secretary of State James F. Byrnes was said to be continuing his rough-shod drive toward solution of vexing European treaty problems.

Byrnes' Move Blocked

His sparring match with Soviet Foreign Minister V. M. Molotov reached new dramatic heights when the Russian blocked Byrnes' strategic attempts to force a reduction in the size of occupying troops in Austria, and assure a post-treaty military inspectorate for Italy.

Diplomatic circles are certain the divergent viewpoints of the two diplomats will lead to further stalemates in big four discussions.

They feel that Byrnes is determined to continue his "powerhouse" approach, and with the aid of bold strikes and shortcuts effect agreements in principle on major issues facing the conference.

Byrnes is said to be eager to leave the ironing-out of fuzzy details and technicalities to sub-committees, commissions and experts.

His move in cutting-in French Foreign Minister Georges Bidault on a transatlantic telephone conversation with President Truman caused some eyebrow-raising in informed quarters.

Shrewd U. S. Move

It was perceived as a shrewd American move to foster French allegiance to the Anglo-American viewpoint and thereby confront Molotov with desires common to the three western powers.

American circles in Paris believe that Byrnes' 'phone call produced renewed White House endorsement of his activities and attitudes at the peace talks, thus assuring continued U. S. initiative in the daily sessions.

Molotov's objections to formation of an inspectorate for post-treaty Italy were based on the contention that such a body would be inconsistent with Italian sovereignty. It is believed he will argue along the same line in regard to Romania, Hungary, Finland and Bulgaria.

See New Clashes

Such insistence, it was said, would lead almost inevitably to new Russo-American clashes.

Byrnes' talk with Mr. Truman on "matters affecting the peace, a proposed U. S. loan to France, food, and the shipment of wheat," brought Bidault to a state of "jubilation" today.

A French foreign ministry spokesman emphasized that Mr. Truman did not promise specific aid. But he said Bidault was "very encouraged" over the prospect of getting a half million tons of wheat to tide over France until the next harvest.

Interest was added to the big four discussions with the appearance in Paris of a Greek delegation headed by Philippe Dragoumis, under-secretary of foreign affairs.

The Greeks want reparations from Germany, Bulgaria and Albania, and also want the Dodecanese Islands. They are said to demand border revisions with Bulgaria and Albania involving 10,000 square miles.

In the War of 1812, some inhabitants of New Haven, Conn., among whom was Capt. Isaac Hull, engaged heavily in the navy and privateering.

Some Restrictions On War Surplus Sales Are Planned

WASHINGTON, May 2.—(INS)—Activities of surplus war property disposal agencies were threatened with serious restriction today by Senate legislation designed to protect American industrial secrets.

A Senate judiciary subcommittee held a closed door session with a war assets administration official late Wednesday on the measure, and indications were that the state department had asked to be permitted to testify.

The bill under consideraion was sponsored by Sens. Eastland (D) Miss., and Wherry (R) Neb. It would ban the sale or loan of radar or electronic equipment to foreign nations or individuals.

Eastland said that all witnesses thus far were agreed on the needs for setting up some inter-agency to act as a clearing house for the sale of all declassified electronic equipment.

He stated he might consider including this proposal in his bill, but added that such board would not take the place of the legislation. The law as it now stands affords inadequate protection, Eastland pointed out, because it requires proof of criminal intent in giving away military secrets.

Wherry disagreed with Eastland, however, stating that the establishment of a clearing house might wipe out the need for a change in the law.

A Capella Choir Entertains With Luncheon Program

Kiwanis Club Members Hear High School Group At Meeting In Castleton Wednesday

New Castle Kiwanis club had its annual spring appearance of the A Capella Choir from Senior high school, directed by Robert A. Duff, at the weekly luncheon meeting in The Castleton Wednesday noon.

The choir gave its usual high class performance, and the deep appreciation of the choir's courtesy in appearing and presenting their fine program was expressed by President Kenneth H. Beck.

Director Duff announced that a concert has been arranged for May 17 at the high school, the only concert ever held by the choir since its organization for which charge has been made, the proceeds from which will be used to purchase robes for the members. The present robes have been in use since the choir was formed, and are now becoming badly worn.

The soloist for this appearance will be Miss Julia Johns, a former member of the choir, who is graduating this month at the Curtis Institute in Philadelphia, and the concert will be in the nature of a debut for her.

It may be a little early but Pa Newc noted a gardener busily engaged in setting out scores of young cabbage plants last night.

* * *

From the large stock of ashes along the highways at many spots in the county, the demand for ashes must have been smaller than usual for icy highways during the past winter.

* * *

Baseball season is under way at Pulaski. There was much activity on the town ball ground last night.

* * *

Dogwood trees are in bloom in the city and county.

* * *

Pa Newc is informed that the housing shortage is being met in one locality in the county by use of a converted school bus.

* * *

While most plowing in Lawrence County is now done by tractor, teams of horses are to be seen here and there drawing the plow and harrow.

* * *

Penalty being paid by one youth here for sending in false alarms of fire should be a warning to any others who are tempted to call out the firemen needlessly.

* * *

Many fishermen were along the trout streams in the county early Wednesday evening. Trout fishing hasn't been so good so far this season, Pa Newc is told. Probably the low stage of the water is to blame.

U N COMMITTEE IS BEGINNING TO SIFT EVIDENCE ON SPAIN

(Continued from Page One)

the reprieve and release of Cristino Garcia, a Spanish patriot and a former French Maquis leader, were contained in 137 communications. Sixty-nine others pled for reprieve and release of other Spaniards now under death sentence.

Other charges leveled against Madrid were allegations the Spanish government is harboring a number of Nazi war criminals, many of whom are said to be actively engaged in perfecting new weapons of war and reportedly experimenting with atomic energy.

The five dissident letters, according to committee members, merely objected to "outside interference in internal affairs of Spain".

Yesterday's meeting was a private affair, and next Monday's also will be behind closed doors.

On the committee are Paul Hasluck for Australia, chairman; Brazilian Ambassador Pedro Leao Velloso, Dr. Hsu Shuhsi for China, French Ambassador Henry Bonnet and Polish Ambassador Oscar Lange.

COAL CRISIS NOW BECOMING ACUTE IN MANY CASES

time and send the members back into the coal fields to address mass meetings of union members.

The coal negotiations were to continue today under the direction of Special Mediators Edward F. Grady and Paul W. Fuller. The latter withdrew his resignation submitted in protest against Schwellenbach's handling of the case.

Meantime, Charles O'Neill, head of Northern Appalachian operators, told a radio audience that Lewis "deliberately provoked" the strike to "seize and demonstrate power" to levy a royalty of 10 cents a ton on coal.

Says Lewis Refused

O'Neill said the UMW chief refuses to bargain on a new contract unless the operators agree to the royalty "without specification or explanation."

The Pennsylvania operator said Lewis "alleges" the money is for a health and welfare fund, although "the miners do not want charity . . . from the expropriated monies of coal operators doled to them in 'handout'."

O'Neill accused Lewis of "exaggerating" mine fatalities and said his "discussion of safety is only a smoke screen to fool the public."

O'Neill said the strike cost the miners 100 million dollars during April.

Pointing out that the operators have offered shorter hours, a wage increase and joint development with the union of a welfare program and improved safety measures, O'Neill said:

"If Mr. Lewis is sincere, let him work with the operators jointly in a genuine effort to assist the helpless injured coal miners, thus assuring them protection, with the union and the operators joining to encourage self help, or let him cease shedding crocodile tears because coal operators will not agree to permit him to extort their money for his self-willed expenditure."

ANIMAL-LESS ZOO

PORTLAND, Ore.—(INS)—Like Noah and his ark, Dr. Kuiper of the Rotterdam zoo is now collecting animals. Holland has rebuilt her bombed-out zoological park on plans drawn before the war. But there is not one animal left to put in it. The Portland zoo, like all others in the United States, has been asked to donate any "spares".

BRATSCHIE-BUSCH WEDDING WEDNESDAY

One of the loveliest of spring weddings was performed Wednesday evening at 6:30 o'clock in the Highland U. P. church, when Miss Ella Bratschie, daughter of Mrs. Elizabeth Bratschie of 202 East Winter avenue, became the bride of Carl Busch, son of Mrs. Mary A. Busch of Greenville, Pa. Rev. D. L. Ferguson officiated in the presence of relatives and close friends.

For her wedding the bride chose a two-piece powder blue ensemble, with navy blue accessories and a shoulder corsage of orchids.

Miss Mary Bratschie, sister of the bride, as maid of honor, wore a two-piece navy ensemble with matching accessories, complimented with a pink roses corsage.

James Riggans of this city was best man.

Preceding the ceremony, Mrs. S. Glenn McCracken played a recital of nuptial music, including the wedding march from Lohengrin as processional and Mendelssohn's wedding recessional.

A congratulatory period followed the ceremony at the church, and a reception was held later at The Castleton.

The couple departed on a two weeks motor trip and upon their return will reside in Greenville.

Mrs. Busch is a graduate of Grove City college, where she is a member of the Sigma Kappa Delta sorority. Prior to her marriage she was employed as secretary in the offices of the Lawrence County Agricultural Conservation Association.

Mr. Busch, also a Grove City college graduate, is a member of the Nu Lambdi Phi fraternity. He has retured from the Pacific theatre where he spent three and a half years as a lieutenant in the U. S. navy. Prior to entering the navy he was employed in the offices of the B. & L. E. railroad, Greenville.

CHAPIN FAMILY ACCORDED HONOR

Friends and neighbors of Mr. and Mrs. Albert Chapin and daughter, of near King's Chapel, gathered in the King's Chapel church, Wednesday evening, to honor the family, who will soon take up residence on a farm near East Brook.

More than fifty guests present enjoyed a program put on in the church, which included a solo by Mrs. Jean Morris and a reading by Mrs. Bernice Chapin.

The departing couple was presented with a gift from their many friends.

At the close of the evening, the young people's group from the church, served tasty refreshments to the assembled group.

Past Noble Grands

Past Noble Grands of Rachel Rebekah Lodge No. 40, will meet with Mrs. Kate Wilkins, Friday evening, with Mrs. Frances Wagner as cohostess.

COUNTY GARDEN COUNCIL ELECTS

Lawrence County Garden Council met for its spring business meeting with election of officers for the coming year on Wednesday afternoon in the guild room of Trinity Episcopal church.

Election resulted as follows: president, Mrs. J. H. Vogan; first vice president, Mrs. Robert W. Lamoree; second vice president, Mrs. Frank Alborn; secretary, Mrs. Kenneth Gwin; treasurer, Mrs. Edward L. Davenport; member-at-large, Mrs. John Turner.

Reports given showed that the past year has been a most successful one for the council. Since its organization the council, under the leadership of Mrs. R. W. Lamoree has formulated tentative plans for the establishment of a garden center.

June 5 meeting of the council will be an all-day plant exchange with all members of each member club participating.

WEDDING DATE TOLD CLUB ASSOCIATES

At a meeting of the Eight Spots club Wednesday evening in the home of Mrs. Mary Tindal, 210 East Wallace avenue, announcement was made of the wedding date chosen by Miss Ruth Morrow.

On entering, each guest was presented with a tally card, which carried a picture of the bride-elect and her fiance. Later at the refreshment table, place cards were attached to blue streamers which led to a lovely centerpiece of flowers underneath which guests found matchbook jackets inscribed in gold, "Ruth and Bob, June 15, 1946".

On that date Miss Morrow will be married to Robert Peterson at a ceremony in the First U. P. church.

The bride-elect is the daughter of Mrs. Pearl Morrow, of North Jefferson street, and her fiance is the son of Mr. and Mrs. L. F. Peterson, of 323 East Wallace avenue.

Five hundred was the pastime with prizes going to Miss Berthie Latos and Miss Libby Dickey.

Assisting the hostess in serving refreshments were Mrs. Paul Morrow and Miss Frances Morrow, both special guests. Other special guests were Miss Fae Wahl, of Evans City, Miss Fannie Love, Mrs. L. F. Peterson, Miss Jean Wright, and Mrs. Frank Bailey.

The club will meet again May 15 with Miss Berthis Latos, Electric street.

PARTY HONORS SON ON ANNIVERSARY

Mrs. Alvin Brown of 711 Arlington avenue gave a party on Wednesday evening. The occasion was in honor of the fourth birthday anniversary of her son, Alvin David Brown. About twenty of his playmates attended, beside a number of relatives.

Games of contest were the pastime of the evening, with prizes being captured by Richard Wilkinson, Bobby Owens, and Betty Donston.

A delicious lunch was served by the hostess, assisted by her mother, Mrs. D. M. Owens, and aunts, Mrs. W. E. Harris, Mrs. Raymond Phillips, Mrs. William Dolling, and sister, Mrs. Ben W. Owens.

The table was graced by a lovely birthday cake, with inscription "Happy Birthday Alvin". Favors were given each guest.

The honored guest was the recipient of many nice gifts. Out-of-town guests were Mr. and Mrs. Donald Houk of Ellwood City.

Nemecik-Katodjiej

Miss Rose Nemecik, daughter of Mrs. Mary Nemecik of New England Hill, New Brighton, became the bride of Henry Katodjiej, son of Mr. and Mrs. Walter Katodjiej of this city, Sunday afternoon at 3 o'clock in the Cyrill Methodox church, New Brighton. Rev. Taosima performed the ceremony.

The bride wore a gown of imported French lace and a matching veil. She carried a white prayer book with a marker of gardenias.

Her attendants were Miss Louise Szymanski of this city and the Misses Mary Nebrezny and Olga Eanylo, both of Koppel and Miss Mary Tosnac of Greenville.

Louis Katodjiej was best man for his brother, and Joseph Nemecik, Wade Nemecik and Jacob Baron of this city were ushers.

Following the ceremony a wedding dinner was served at the home of the bride's mother and later there was a reception in Binder hall, New Brighton.

Hedlund-McConnell

At a quiet ceremony performed in the study of the Second U. P. church, April 25, Dorothy Jane Hedlund, daughter of Mr. and Mrs. D. W. Ault, of New Galilee, R. D. 1, became the bride of Clyde Ralph McConnell, son of Mr. and Mrs. Chester McConnell, of 407 Bartram avenue, this city.

Rev. J. Calvin Rose officiated and the couple was unattended.

The bride wore a powder blue suit with black accessories and a corsage of gardenias and pink roses.

After the ceremony a supper was served at the home of the bride's parents and later the couple left on a short honeymoon trip from which they have returned to take up residence with the groom's parents for the present.

Cavalier Club

Cavalier club members met Wednesday evening with Mrs. Joseph Cambro of Lutton street, and future plans were discussed.

Games and contests were played. The club token was won by Mrs. Frank DeMatteo.

A dainty lunch was served later, and Mrs. Joseph Bosco and Mrs. Pete Gebbia aided in serving.

May 19 is the meeting with Mrs. Pete Gebbia of Home street.

1937 Club

Members of the 1937 club assembled Wednesday afternoon in the Elks' club.

Five hundred was in play, with high score honors going to Mrs. Chester Guyton, Mrs. A. C. Casey and Mrs. George Woodring.

The group will gather at the same place Wednesday afternoon, May 8.

SIX O'CLOCK CLUB GUESTS FOR DINNER

Members of the Six O'Clock Dinner Club were guests Wednesday evening of Mr. and Mrs. John Morgan, East Washington street, for 6:30 o'clock dinner. Colorful tulips formed the table decorations.

Contract bridge was the diversion following dinner and high score prizes went to Mrs. Frank R. Doyle, Mrs. Ralph Carlson, Dr. G. S. Jenkins, and F. R. Doyle.

Mr. and Mrs. Ralph Carlson were special guests.

May 22 the club will meet again for dinner at the home of Dr. and Mrs. G. S. Jenkins, Grandview avenue.

DATTILO-CASSELLA CHURCH WEDDING

Before an altar embanked with palms, ferns and flowers at St. Lucy's church, Miss Louise Dattilo, daughter of Mr. and Mrs. Harry Dattilo, of 14 North Wayne street, became the bride of Mike Cassella, son of Mrs. Pauline Cassella, of 115 Lacock street.

The ceremony was performed on Saturday morning at 9:30 with Rev. S. Ippolito, pastor, using the double ring service. The bride was given marriage by her father at high mass.

The bride looked lovely in a white brocade gown with leg o' mutton sleeves and long train. Her veil fell from a crown of orange blossoms. She carried a bouquet of white calla lilies, centered with two orchids. Her jewelry was a gold wrist watch, and golden necklace centered with a pearl.

Matron of honor was the bride's sister-in-law, Mrs. Rosemary Dattilo attired in a yellow gown, with long lace sleeves, carrying a bouquet of mixed flowers.

Bridesmaids were Mary Ferrante, Gloria Amando, of Ellwood City, Nancy Jo Vitale, Helen Christian, and Rachel Marvello, wearing gowns of rainbow colors.

Carmen Dattilo, the bride's brother, served as the best man. Ushers were Jack Ferrante, Frank Lambiase, Frank Domenick, and Willy Villian.

A wedding breakfast was served at the home of the bride's parents, the hostess being assisted by Mesdames Susia Ferrante, Lee Drescher, Misses Jap Cuccunato, and Helen Ferrante, all of Ellwood City.

To the immediate families, a wedding dinner was served at the Christopher Columbus Society Hall. Those who served were Mesdames Rose Rainey, Susia Ferrante, Lee Drescher, Misses Jay Cuccunato and Helen Ferrante.

In the evening, a reception was held in Columbus Hall. Dancing was enjoyed to the accompaniment of a local orchestra.

Dainty refreshments were served at a table graced with a lovely four-tiered wedding cake. Out-of-town guests were from New Jersey and Ellwood City.

The newlyweds left for a wedding trip to New York and New Jersey, visiting in the latter city with the bride's sister and brother-in-law, Mr. and Mrs. Joe DiLeonardo.

The bride and groom will reside in the home of the bride's parents.

DINNER TO HONOR WESTFIELD VETERAN

Members of Westfield Presbyterian church are planning a dinner for this evening at 7:30 o'clock in honor of their returned servicemen and women.

The dinner will be served in Westfield grange hall by the Westminster Guild and patronesses of the society. It is expected that 40 veterans will attend the event.

Following serving, a program will be presented. Mrs. Clarence Satterbloom, of Bessemer, will lead group singing and also sing a solo. Mrs. Ruth Stearns will contribute a reading.

The Rev. John Pife, present pastor of Westfield church, will bring the address of welcome to the returned veterans. Greetings will be brought from three former ministers of the church who served as chaplains during World War II. The Rev. Ross Haverfield, who was pastor of the First Presbyterian church at Monongahela after leaving Westfield, will be present. Greetings will also be brought from the Rev. W. M. Allman, who recently returned to the States from the Philippines, and from the Rev. Edwin A. Shoemaker, who is now minister of the Elm Grove Presbyterian church, Wheeling, W. Va.

SANTILEOD-FRANK WEDDING SATURDAY

Miss Esther Santileo, daughter of Mr. and Mrs. John Santileo of 521 North Cedar street, has chosen Saturday morning, May 4, as the date of her marriage to Tony Frank, son of Mr. and Mrs. John Frank of 108 Tremont street.

The ceremony will be performed in St. Lucy's church at 9:30 a. m. Rev. Fr. Sebastian Ippolito in charge.

Miss Mary Hope Domenick will be maid of honor.

Patsy Effinite will serve as best man.

A reception will take place in the evening in the Columbus hall.

Austria's Case

Among the various complex problems being discussed by the Council of Foreign Ministers at Paris, the case of Austria should have been by all means the easiest to solve.

From the beginning all the Allies have recognized that Austria presented a special case among the nations aligned on the axis side. She was dragged unwillingly into the war after the Nazis invaded Vienna, took over the government, and forcibly amalgamated Austria into the Reich. The premise that Austria was a Nazi captive rather than a Nazi ally was formally recognized in the Moscow declaration of 1943, in which Russia joined, pledging that the independence of the country would be restored after its liberation.

Russia's actions since then, unfortunately, have not been at all consistent with that declaration. The red army has settled down in Austria as though it were there to stay. There have been repeated indications that Moscow intended to keep this little country within her sphere of influence.

As a result, Austria has been turned into a pawn in the struggle between the great powers and the consequences for the country and its people threaten to be tragic. The nation was in a serious economic plight before the war. It is now being bled white by the strain of maintaining the occupation forces of several nations.

The Americans and the British have been eager to get out, but they have been unable to withdraw without leaving Austria to the tender mercies of the Russians.

Number 1 Problem

Controlling inflation is not the nation's number one problem. The number one problem is how to preserve representative government in the face of inflation. It may be impossible to control inflation due to natural forces over which the people have no control. It is possible to preserve representative government because that is a political question and political questions are clearly within the power of the people to decide.

The argument is often heard that unless inflation is controlled, the resulting chaos will automatically destroy freedom, and history is called upon to support such an argument. But in answer to this it can be said that there has never been another nation in history like the United States. Her people are highly literate, closely integrated by modern communication and transportation, and well informed on the problems of the day. They have been taught almost from the cradle that their heritage of independence is their most valued possession. Nothing can take this heritage away from them. If it is lost, they alone must lose it. If they permit it to be lost in the turmoil of transitory economic upsets, they deserve to lose it. But they should realize now that the suffering of inflation will be as nothing compared to the suffering of political tyranny once it has a secure hold upon their lives.

No, inflation is not the nation's number one problem.

A Real Emergency

An increasing amount of contemplated construction work on homes, businesses and public buildings is being postponed because of high costs. Older buildings will be called upon to serve longer than anticipated. This means that the danger of fire will increase. Improvisation and overcrowding, together with obsolescence, are breeders of fire hazards.

An illustration of the way the trend is working can be seen in the schools. Thousands of communities need new schools. But soaring costs are discouraging their construction. Next fall school rooms will be crowded more than ever before. It is imperative that every precaution be taken against fire in these structures. Extinguishing equipment should be the best available and fire drills should become more than an exciting break in class routine. The seriousness of the danger should be impressed upon faculty and students alike.

Homes are much like the schools. Millions of them are old and overcrowded. The tragedy of death in the home from fire, stalks the front pages of the press day after day. Usually the victims are helpless children. Again it should be emphasized that fire prevention on a scale never attempted before is absolutely imperative. The annual fire loss bill for the nation is climbing higher at a time when property is nearly impossible to replace.

If every person will do his part in these critical days of shortage and frustrated building hopes, the crisis will pass with a minimum of death and destruction by fire. If every person does not do his part, the immediate future will be the blackest chapter in our history of fire waste.

May day was very colorful and quite patriotic too. The little children wore white, the Communists wore red, and the O. P. A. was a little blue.

In Paris, Jimmy Byrnes' suggestion that Germany be occupied for twenty five years probably will be approved by the Russians. They don't seem to be in any hurry to go home from any place.

Byrnes proposes the big power type of alliance which looked so bad when the dictators used it, but now it looks very attractive.

The United Nations was supposed to have made these power pacts unnecessary but the temptation to organize a new lodge is one which few statesmen can resist.

In the Philippines, Manuel Roxas, who stayed through the Jap occupation, has defeated President Osmena who didn't. More and more rulers have learned that their place is with their people, or as in the case of Hitler and Mussolini, with their ancestors.

Europe is filled with remote control rulers waiting to be called home, but the phone never rings no matter what scent they use behind their ears.

WASHINGTON CALLING

by MARQUIS CHILDS

Sen. Bilbo's Speech Is Campaign Move

WASHINGTON, May 2.—It remained for Senator Bilbo, Mississippi's gift to the nation, to add the final absurdity to the communist tag when he called Representative Clare Boothe Luce and her publisher husband, Henry R. Luce, "communistic".

That carries it as far as it can be carried. If Henry Luce is a communist, then so are Cardinal Spellman and Herbert Hoover. By definition, a communist becomes anyone who disagrees with you, no matter how reactionary, narrow and bigoted your own views may be.

Campaign Document

In that fantastic and absurd speech, Bilbo was not talking just to hear the sound of his own voice. He had a very deliberate motive. The speech was meant to be a document in his campaign for re-election.

For even "the man" must subject himself every six years to the will of the voters—a small proportion of the eligible voters—of his native state. Bilbo has gone back to Mississippi to campaign for the primary of July 2. The issue is the same as it was 75 years ago—the carpetbag, outside interference.

That is why Bilbo wanted to get his speech on the record. He wanted to convict hostile northerners of trying to dictate to the people of Mississippi. That is why he bracketed such incongruous publications as Life, the New York Daily News, the New York Post, the Daily Worker and the St. Louis-Dispatch.

They are all in a conspiracy, these powerful instruments of northern domination, to defeat the martyred, bleeding Bilbo. That's the theme "the man" will sound in cruder and cruder form as he moves through rural Mississippi.

Many times in the past, this theme has been effective—and not only in the deep south. Once, when Representative Dewey Short was running for re-election in his Ozark district in Missouri, he made effective use of an attack on him that appeared in the newspaper PM. These communists, said Short, no mean demagogue himself, were trying to tell the God-fearing people of Missouri how to vote.

Make Campaign Use

Indications are that Bilbo will be able to make potent use of this appeal in his current campaign. He is aiming, of ccurse, at the Ku Klux Klan element.

A large campaign fund is said to have been made available to him. The money is reported to come from construction firms in Mississippi. With four opponents in the field, Bilbo would seem to have a good chance of re-election.

The carpetbag appeal is, of course, the other side of the states' rights argument. Behind the barrier of states' rights, the little courthouse ring in Mississippi holds on to its privileges and power. It is a guarantee that Mississippi will be at the bottom or near the bottom of the lists that show how the states stand on health, literary, schools and so on.

That is the way the Bilbos want it. Change would threaten their supremacy. It is this legal barricade that makes the government of these United States so very difficult.

Will Take Favors

Mississippi will take favors from the federal government, and plenty of favors, if no conditions are attached. A notorious example was the effort of certain Mississippi politicians to staff cotton mills with relief workers paid at relief rates with federal money. That occurred in the '30's when the late Harry L. Hopkins, as relief administrator, was trying to eke out scanty relief funds. Hopkins tried repeatedly to break through the barricade to enforce certain standards. But he was not conspicuously successful.

The same construction companies reported to be subsidizing Bilbo's campaign got large sums from the federal government. Bilbo has always been zealous at grabbing all the federal patronage he could get.

Now something new is about to happen. Both the AFL and the CIO have announced large-scale organizing campaigns in the south. Even with labor divided and competing, this is bound to bring about great changes. It will certainly bring, too, bitter last-ditch resistance.

Within the south itself, changes are taking place. Many newspapers have turned on the Bilbo mentality. Public officials such as Governor Ellis Arnall of Georgia have opened the way to change. The Bilbos must know their day is nearly over. Perhaps that's why the senator rushed off so frantically to start campaigning.

ROMAN CIVILIZATION

"Now," said the dentist, with a grin,
Taking the napkin 'neath my chin;
"With that you ought to talk with ease.
Say: 'Roman Civilization' please.

"Say: 'Roman Civilization,' sir!
That is the phrase which I prefer.
It proves my dentures are successes
If patients manage zees and esses."

So, for his patients to rehearse
And practice with, I pen a verse.
Say without fear or trepidation:
Caesar and "Roman Civilization".

Caesar and "Roman Civilization!"
Salmon and silver and salvation!
If you pass safely this adventure,
Believe me, you've a perfect denture.

Good Taste

SPEAK TO EVERYONE AT DINNER PARTY

Even if you sit next to your worst enemy at a dinner, you must pretend that all is well between you.

A woman writes that recently she sat next to a man "from her past" whom she despises and that she completely ignored him during the entire dinner and afterward.

She was wrong! When in this position it is not necessary to carry on a glowing conversation with an "undesirable" dinner-table neighbor, but never make it obvious to others that you are ignoring him. And never create an awkward situation, regardless of your personal feelings.

Respond with dignity and cordiality to what he may say to you; then, if you wish, turn your attention and conversation to the person on your other side. When you retire to the living room after dinner, sit as far as possible from the object of your disfavor. If your enmity is justifiable, you may go on ignoring him until you again meet him socially.

If you know your hostess very well, you may with propriety ask her not in include you in future hospitalities shared with him. In any event, you may, before the guests are seated, explain the situation to her and ask her if without inconvenience she can place you elsewhere. If this man has slighted you, you should show indifference. Betrayal of the fact that he has hurt you will be at the sacrifice of your pride.

Question: To what members (if any) of the groom's family should wedding invitations be sent?

Answer: Wedding invitations should be sent to the bridegroom's entire immediate family—all those living in his home (mother, father, brothers, sisters) and any of his other relatives who are very close to him. The bride and her mother should get from the groom a list of all those he wishes invited to the wedding.

LOOKING AT LIFE

By ERICH BRANDEIS

The coatroom concession in one of New York's largest hotels has just been sold for three million dollars, and if the majority of sophisticates (which is a polite word for suckers) have the same experiences that I have, the buyers have bought a gold mine.

I have a very old hat which, long ago, has ceased to be any particular shape or form.

It originally cost eight dollars, which, when I bought it seven years ago was a very good price for a hat.

At ten cents a day, five days a week, for checking tips at luncheon, the upkeep of that hat is twenty-six dollars a year, plus about another ten dollars a year for checking the same old lid in the evenings.

You will admit that thirty-six dollars is a pretty steep annual maintenance cost for a hat.

Don't ever think, though, that in the above mentioned hotel you'd get by with a ten-cent tip for checking your hat.

They have beautiful girls in the eight or ten checkrooms of that inn, girls who give you dazzling smiles and make you think that the place has been built especially for you.

If you tip less than a quarter you'd better never come back.

But it wouldn't be so bad if it were my hat alone.

In New York you can't get your shoes shined or ride in a taxi without tipping, and it's the same in Washington, Philadelphia, Pittsburgh, San Francisco or any other big town.

There used to be a time when a waiter said at least "Thank you" for a ten per cent tip.

But now, according to what Rene Black, maitre d'hotel of the Waldorf-Astoria, tells me, no waiter would be satisfied with less than fifteen per cent of the bill.

I don't live at the Waldorf when I am in New York but in a much more modest hotel.

Yet, even here, it's tipping, tipping, tipping.

The bellboys, the doormen, the elevator operators, the posters—they all expect their tips, or else.

Somehow tipping has never seemed American to me.

Most of the people who accept tips belong to unions, and unions are great advocates of equal rights for all.

I think that hotel and restaurant employees should either get enough money so that they don't need tips, or they should stop considering themselves so nigh and mighty and realize that tipping was originally a European custom and that only servants were tipped.

Accepting tips is eating your cake and having it, too.

The World and the Mud Puddles

DIFFERENT TODAY

One evening during the first week in April the Carlsbad, California elementary school symphony orchestra of twenty-one pieces played an hour's concert in the school auditorium before a crowded house. They played under the direction of their instructor, a Russian born musician, whose father was a musician before him, and the performance reflected credit upon musicians many years their senior.

There were in the orchestra first violins, second violins, string bass, a cello, a flute, two clarinets, two cornets, a snare drum, a bass drum, bells and cymbals, and a piano. None of the players were more than fourteen years of age.

There is a great significance in all of this when a group of unusually young people barely in their teens take enough interest in music to dig in and qualify themselves to render a concert with the excellence of this performance.

First, they must learn to read music, with all the sharps and flats, clefs, expression markings, rests, and know the difference between 4-4, 3-4 march time, and all the other tempos of music. Then there is the mastering of their instrument, whatever it may be, and translating the music score into the instrument with the right tones to produce the melodies and harmonies, and last but not least, to follow the leader wherever he directs.

In group playing such as in bands or orchestras, it also calls for teamwork. The best bands or orchestras are those in which no individual player blares out above the others, but in which they blend together in creating the perfect harmony. The bandmaster's biggest pain in the neck is the player who thinks he is so good that he must be heard above everybody else.

Getting down to the moralizing side of music and the ability to play some instrument, no one has yet

Vandenberg Stock For President Rising Looms As Strong Republican Possibility

World Food Shortage May Last Over Year

(Special to Central Press)

WASHINGTON, May 2.—The pathway to the 1948 presidential elections is long and winding, but already Republicans are seeking potential candidates to tread the course.

Political observers at this early date see a distinct possibility that Senator Arthur Vandenberg (R) of Michigan, powerful member of the Senate foreign relations committee, United Nations delegate and presidentially-appointed adviser to Secretary of State Byrnes, will have to be reckoned with.

Vandenberg was a bidding contestant for the nomination back in Philadelphia in 1940, when the late Wendell Willkie finally took the GOP convention by storm. Political experts by the dozens now are pointing out that Vandenberg's stature has grown with the war and the coming of peace in a trouble post-war world.

Has Confidence of GOP

He has, they emphasize, the confidence of most members of the GOP in Congress and has become an international figure where in past years he was simply a powerful senator from the midwest. However, there are factors which may stand in Vandenberg's way. The senior senator from Michigan is 62 years old, and will be 64 in 1948 when the presidential chips are down.

Another factor is the midwestern origin of Vandenberg. The GOP is confident of carrying the midwest, and would prefer to head its ticket with a candidate from the east or west coast.

* * *

President Truman's famine emergency committee originally estimated a critical world food shortage through the first half of this year—a matter of five or six months.

Food Still Scarce

Now, officials are looking farther into the future and many expect the food dearth—worldwide in scope—to last anywhere from 12 to 18 months. Critical areas such as Italy, French North Africa, Poland and Finland, may be forced to remain on low-calory diets for the longest period. Italy has a daily caloric diet of 1,500, Finland 1,700, both being among the most "critical" famine areas.

Translated into American food terms, these tight food situations mean a continued heavy drain on United States supplies until the countries are back on their feet and producing their own food crops.

The United States, meanwhile, can be expected to assume stricter and closer control over domestic food. Many officials believe that America's voluntary rationing program is ineffective and well-nigh impractical in bringing a solution to the export problem. Food conservation orders are perhaps in sight—but current talk in high food circles is that the old war-time rationing is still "not in the cards."

Baseball Worries Diplomats

You wouldn't think that the state department, plagued by the atomic bomb, the United Nations, relations with Russia and peace treaties, would be seriously concerned about baseball—but it is.

Mexican Magnate Jorge Pasquel's inroads on the United States big leagues has had eyebrow raising repercussions in the staid corridors of the state department. Officials are not taking sides. What worries them is the efect on United States-Mexican relations.

Temperamental Latins and business-minded Americans provide a well-nigh perfect set-up for a pitched battle. And that is what they want to head off.

To use a diplomatic term, they are hoping for a reapproachement before any serious damage is done. They concede that the strikes and balls may go the limit, but they hope to keep the errors down to a reasonable figure.

Hints On Etiquette

If a couple has been chosen to be godparents to a child, they may buy the christening clothes if they wish, or else bestow a silver mug, or some other silver piece marked with the baby's name, or some other gift that is appropriate.

The Parent Problem

By Garry C. Myers, Ph. D.

CHAIR-SITTING PUNISHMENT

Judging from the letters I receive, a good many thousand parents find the chair-sitting punishment, which I so constantly recommend, to be very effective. Besides, scores of mothers have told me face to face throughout the nation that this mode of punishment works.

However, an occasional mother tells or writes me that it does not work, "because the child won't stay in the chair." Of course it won't work unless the child stays in the chair until the end of a definite period announced when he is assigned to the chair. He must have learned from earlier training to respect your authority.

Invisible Fence

You must build an invisible fence which you can throw about him at any time. You build such a fence best by beginning as soon as he can creep, climb or walk. I have shown how to accomplish this in my bulletin, "How Teach Tot Meaning of No" (to be had in a stamped envelope).

Having been so trained in earlier years, he will not venture to leave the chair before the announced time is up. If you have been dependable and consistent all along, the youngster won't leave the chair whether he be two, eight or twelve. From the elaborate notes we kept on our own children when they were very young, I can find no instance when any one of them left the chair prematurely.

Occasional Parent

An occasional parent whose child won't leave the chair until permitted to do so may find the method ineffective because no time limit is announced with the sentence, in which case the time usually is too short to do any good. Moreover, if you send your child three, six or ten to the chair without stating for exactly how long, he is sure to work on you to shorten the time—to howl, beg, argue.

But, if always the time is stated definitely (about 15 minutes for the child two, 25 minutes for the child five, 60 minutes for the twelve year old), all temptation for the child to work on you has been removed, provided your word is good.

Tears don't affect the clock. It never gets nervous nor has a headache. You can't argue with a clock. It just ticks on and on.

Definite And Simple

What I like about the chair-sitting punishment is that it is so definite and simple. It can remove all doubts, jawing and argument. It is very powerful yet humane. It enables us to abandon physical punishment (spanking) at an early age. Moreover, the youngster train-

How much time do you spend or have you spent thinking about New Castle . . . no doubt you will say to yourself, why what on earth does he mean? Just this . . . do you ever sit down and think a wee bit about the town, what we have here and what we should have here? We have heard here and there certain comments . . . some very constructive and some in the more or less formative stages of construction.

The folks between 18 and 30 probably do more thinking about the future of our home town than those who are a little older . . . We don't mean nowever that those over fifty don't give a damn . . . but most of the older group are settled . . . while the younger group has a job to create or a profession to follow . . . and they wonder just where is the best place to do their chosen field.

Our opinion is that New Castle has one of the greatest futures of any place in the United States . . . but there are certain things that must be done right now to insure that this future will not lose its luster.

What must be done? We have here in New Castle a group of men over the fifty age group that we talked about in the first part of this column . . . These men have been working their hearts out and accomplishing great things . . . especially during the past seven years. Wampum Submits Initial Report In Cancer Drive

Wampum Is First Community To Submit Report; $154.64 Raised In Canvass

First community report in the Lawrence county drive for funds to fight cancer has come from Wampum. Mrs. Ray McBride, chairman of the Wampum district, submitted $154.64 to the county fund Wednesday.

Persons who made the canvass in the community gave unselfishly of their time to make the collections, some of them taking time off from their occupations to do so. Mrs. McBride would like to express her thanks to all who aided in the drive.

The following persons were instrumental in making the Wampum campaign a success: I. V. Holmes, principal of the high school, and the pupils of the school, Frank Mielke, Wilbur Fry, Elmer Kanagy, James Tebay, Milton B. Flynt, Jr., Charles Aiken, Russell Fosnot and Felix Biega.

The following business establishments gave to the drive: C. L. Repman's confectionery, Ted's Diner, James Greken's hot dog shop, John Martin's shoe repair, Clark Ault's garage, Allen and Powell garage, Islay's dairy and Johnnie's market. The American Legion post contributed to the effort.

Committee Asks Congress To Slash Rolls To Lower Federal Expenditures

WASHINGTON, May 2.—(INS)—The joint committee on reduction of non-essential federal expenditures continued to press in Congress Wednesday for a sharp slash in the number of government employes both in the United States and abroad.

Sen. Byrd (D) Va., committee chairman, asserted that the present total "can and must be reduced speedily" for efficient and economical government.

The committee yesterday called upon Congress to fix by law an overall ceiling on civilian personnel in the executive branch of the government both inside and outside the continental United States.

It recommended that the ceiling be graduated downward so that between July 1, 1946, and June 30, 1947, total personel would be reduced to a maximum of 1,650,000 employes, or approximately 175 per cent of the total as of December 31, 1939.

Can Increase Total

The committee suggested, however, that if at any time the President should determine a larger number to be essential to the public interest, he should furnish Congress with estimates of additional appropriations and the reasons underlying them.

The Senate economy committee's plan calls for a slash of 1,926,000 persons from federal payrolls.

It urges that the President proceed rapidly with the liquidation of war-emergency agencies and other reorganization plans aimed at bringing the employment total in the executive branch to a peacetime level.

The committee noted that in large measure reduction of employment in the federal government since V-J Day has been confined to employes engaged in war production work.

Governor Orders Election Boards To Save Ballots

HARRISBURG, May 2.—(INS)—Gov. Edward Martin today directed local election boards to salvage ballots after the 1946 elections to conserve paper.

He acted under a law approved by the General Assembly last year.

Under the act of 1945, Governor Martin pointed out, the election boards were to set aside the used ballots which will be "collected and disposed of by such means and such manner as may be determined by the county election board." He suggested that the boards sell the used ballots to local waste paper material dealers.

The eastern conservation committee of the waste paper consuming industries, composed of representatives of paper, paper board and roofing materials, recently informed the governor that an emergency existed and that the industry was unable to obtain through normal sources sufficient waste paper for the production of materials critically needed for reconversion.

Event For Jameson Memorial Hospital Planned For Saturday Afternoon

Due to inclement weather of April 27, the auction sale held by the Junior Guild of Jameson Memorial hospital was cut short and will be continued on Saturday afternoon, May 4 at 1 o'clock at the corner of Highland and Leasure avenues.

Proceeds will go to further the guild's project of keeping the rooms, wards and sun parlors of the hospital pleasant with new furniture, curtains, chair covers, screens, etc.

Many articles of a varied nature have been assembled for the auction event, and if the weather is fair Saturday it is anticipated that a large crowd will attend.

FIFI HAZIMANOLIS WEDS E. KARATINOS

Miss Fifi Hazimanolis, daughter of Mr. and Mrs. Harry Hazimanolis, of 15 East Reynolds street, became the bride of Emanuel Karatinos of Dayton, O., at a ceremony performed Sunday afternoon, April 28, at 4 o'clock in the afternoon. Rev. Nicholas Spillyotis, pastor of St. George Greek Orthodox church, officiated at the double ring ceremony before an altar banked with palms.

The bride, given in marriage by her father, wore white satin princess style gown fashioned with lace insertions and a fitted bodice. Her veil, of lace and tulle, fell from a crown of seed pearls and she carried white calla lilies centered with two white orchids.

Mrs. Mary John Mackas of Ellwood City, matron of honor, wore a pink taffeta gown, a jewelled tiara in her hair and carried yellow roses centered with pink carnations. Miss Fannie Othites, maid of honor, wore a mist blue bengaline gown, a sweetheart cap and veil of royal blue, and carried yellow roses and pink carnations. Bridesmaids, Miss Finitsa Costakis, Miss Eugenia Costakis, Miss Margaret Damskon, Miss Fifi Sakelson of New Castle and Miss Joyce Mackas of Ellwood City, wore pink and aqua gowns and bonnets with veils made of pink and carried bouquets of red roses and pink carnations. Elaine Vassilou was flower girl; Louis Kourouglos, ring bearer.

Best man was Gus Kokos of Ellwood City. Ushers were Gus Hazimanolis, Ph.M. 1-c, USNR, brother of the bride; Constantine Othites and Speer Aslanes, both of New Castle, Gus Vozos of New Kensington, and John Fazekas of Pittsburgh.

After the ceremony a dinner and reception were given in the Unione Calabro hall with over 400 in attendance.

Mrs. Karatinos is a graduate of the New Castle senior high school in the June class of 1943 and attended the Youngstown Business college. She was employed in the offices of the New Castle Refractories. Mr. Karatinos was discharged recently from the U. S. Army with the rank of staff sergeant. He served three years, including six months in the Pacific.

Mr. and Mrs. Karatinos left on a three weeks' wedding trip. On their return they will reside with the bride's parents.

Must Lift Meat Price Controls If Rackets Go On

Anderson Says Controls Must Be Lifted If Black Market Fight Fails

WASHINGTON, May 2.—(INS)—Secretary of Agriculture Anderson declared Wednesday that price controls will have to be lifted on meat in 90 days unless a campaign now under way to stamp out the black market proves successful.

The cabinet member testified before the Senate banking committee that the last step was now being taken before lifting controls—namely, reinstitution of slaughtering quotas and increased enforcement by the OPA and FBI.

He asserted that unless the supply of meat could be channeled back into normal channels, there was only one other recourse left "and that is to lift controls."

Anderson said the new controls limited slaughtering quotas to 1944 levels in an effort to assure old established firms their normal supply.

Sen. Barkley (D) Ky., majority leader, told Anderson he was informed by the representatives of one of the "big five" meat packers that at one point they were able to obtain only 500 head of beef cattle for slaughter in place of their normal quota of 7,000.

Anderson said this was probably a correct picture of the situation.

The remaining 6,500 head, Anderson added, was not moving in normal channels, although not necessarily black market.

Holding Veteran In Brutal Knife Killing Of Woman

WILKES-BARRE, Pa., May 2.—(INS)—Joseph Weiworka, 38, self-described veteran and former mental hospital inmate, was held by police today in connection with the brutal stabbing of Miss Ruth Dattner, 35, on a main street in Wilkes-Barre.

Weiworka was captured by persons near the spot after he slashed and stabbed Miss Dattner, daughter of a shoe merchant, shortly after she had left her father's shop yesterday afternoon. She was dead on arrival at Mercy hospital.

Chief of Police J. Russell Taylor said Weiworka used an eight-inch bread knife and had admitted the slaying. Taylor quoted him as saying "I got a sudden desire to go out and stab someone."

He alternated denials and admissions, according to authorities.

Weiworka, police reported, lived in a cheap hotel in Wilkes-Barre. He told authorities, police said, that he had been in the army for 13 months and had been in a mental hospital at the age of 20.

Witnesses reported that after the stabbing, her assailant walked away at an unhurried gait.

The stabbing occurred near the spot where Mrs. Margaret Helfrich, 36, was shot and critically wounded 10 days ago.

THE WORLD AND THE MUD PUDDLES

(Continued From Page Four)

been heard from who ever regretted that he learned how to play. You may be a star in football, baseball, tennis or any track event, and be awarded the vociferous applause of your fellow students and townspeople, but compared with music and the ability to play, all that is short-lived and temporary. Music you take with you the rest of your life. It gives you entree into society, insures your popularity, yields new and life-long friendships, and next to good reading, brings solace, comfort and contentment all your days.

Music is the same in all languages. It needs no interpreter. It is no respecter of race, creed or degree of servitude. It may emanate from the jungles, and it is rendered, appreciated and enjoyed by every rank of society from top to bottom.

As in various shades of colors such as pink, green, yellow and blue, the healing science is grudgingly admitting that the melodies and harmonies of music have curative qualities, soothing the nerves, taking the edge off tempers and composing irritations of the soul. This is health-building through the mind and has nothing to do with pills. But it works.

There is much discussion now day over juvenile delinquency. We often say that the children are worse than they were thirty years ago, forty years ago or fifty years ago, but as a matter of fact our youth are no worse than they always have been; maybe a little better. They are keener, smarter, more alert and way ahead of what we were at the same age years ago. Does the reader recall any event where the children performed like these children did on the various musical instruments? No. The children found their own amusements, thirty years ago, forty years ago and fifty years ago. And what more commendable venture could be undertaken than to equip them with instruments and with teachers to encourage them to go in for music in a big way—glee clubs, bands, orchestras, operettas and periodical public performances.

Music Hath Charms . . . to civilize not only those who make it, but those who hear. It is entertaining, ennobling, spiritual, health-giving and builds character. It will save boys and girls from delinquency and thus drive the devil crazy.

Ready, play!

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

THE PARENT PROBLEM

(Continued From Page Four)

ed well to submit to it can be safely disciplined by the parent-substitute.

Suppose your child is ten and disregards your authority. While it usually is desirable to be done with physical punishment (like spanking) before the child is five or six, you might find it necessary to employ it in order to make chair-sitting effective with this ten year old.

Both you parents having agreed on one or two things he must never do (which you can check personally) covenant that for the forbidden act he shall always spend exactly one hour in a chair where you can see him having no means of amusement. Have a wide, thin paddle nearby. The moment he leaves the chair use it so quickly and effectively as to cause him not to leave that chair again before the time is up.

If he does not promptly go to the chair when sentenced there tell him he can choose between the chair or a sound paddling. If he hesitates long apply the paddle. But since he chose the paddling don't expect him also to go to the chair this time. Hope that he will choose more wisely next time and the next.

Of course, some parents should not try this. They won't have enough self-discipline. Let young-c parents so discipline the young child that he will always choose to go to the chair and serve his time, even at four, six or ten.

German Woman Sentenced For Killing American

FRANKFURT, May 2.—(INS)—Ingeborg Fischer, a German fraulein, today began a life sentence for shooting and killing Sgt. John Chinchar of Tuscarora, Pa.

She told the military court she was attempting suicide when Chinchar was shot accidentally.

Prosecution witnesses said she shot the American GI when he told her he wished to end their relationship.

ONE Tablet THREE Times A Day

This doesn't mean "three tablets once a day!" Taking the complete dose of a prescribed medicine at "one shot" may endanger your health by supplying more of a drug than the system can safely absorb. That is why doctors prescribe doses as well as ingredients when they write prescriptions. And that is why you should always carefully read and follow the instructions on the label.

LAUREL BOULEVARD GIRL BITTEN BY DOG

Patricia Ann, daughter of Mr. and Mrs. Harry Taylor, 401 Laurel boulevard, was bitten in the face by a dog while playing at 340 Laurel boulevard, May 1, according to a report made to police. The dog was said to be owned by H. M. Fenati, 339 Laurel boulevard.

MEETINGS CONTINUE

PITTSBURGH, May 2.—(INS)—Negotiators in the Westinghouse Electric corporation's 107-day-old strike remained tight-lipped today on the possible progress being made in the daily closed conferences held between company and union officials.

"Meetings continuing" was the only word given newsmen.

Warn Complete Shutdown Near In Coal Strike

PITTSBURGH, May 2.—(INS)—The coal strike today brought warnings from public officials and industrialists of a complete shutdown of utilities, schools, transportation and small businesses unless immediate relief is granted from the paralyzing work stoppage program.

Their note of alarm was sounded as unemployment continued to mount and revenue losses ran into millions of dollars. Loss in wages was staggering.

More Unemployed

As the strike of 400,000 soft coal miners moved into its 32nd day, more workers in allied industries joined the ranks of the unemployed, business firms made further cutbacks in production, some even closing their plants.

Steel mills accounted for nearly 75,000 idle. The automobile industry, working on a day-to-day basis, furloughed at least another 75,000, while railroads, coal trucking firms, steamship lines, small fabricating and steel dependent firms accounted for another 50,000 idle workers.

A spokesman for the bituminous coal industry said miners have lost more than $96,000,000 in wages since the start of the strike. The coal tonnage loss was estimated at 47,000,000 tons.

Freight revenue losses by 25 leading railroads was reported at nearly $35,000,000. Department stores, small manufacturers and merchants have suffered a decline in business since April 1.

OPA Moves To Prevent Halt Of Suit Shipments

WASHINGTON, May 2.—(INS)—The Office of Price Administration moved today to assure an uninterrupted flow of men's suits to retail stores.

The agency revised its maximum average price regulation on men's clothing to forestall any move by manufacturers to stop shipments of suits to retailers.

OPA's action was taken as the Civilian Production Administration announced that three industry advisory committees will meet within the next 10 days to discuss increased production and better distribution of men's suits.

In revising the MAP regulation, OPA granted men's clothing manufacturers an additional 30 days to make up a deficit in their production of low-priced suits under the order. Previously, the regulation had required compliance by May 1.

The industry had stated that it would be unable to ship suits after May 1 unless the regulation were revised.

OPA said that the period of "grace" for clothing manufacturers was being extended "solely to avoid delays in the shipments of men's clothing to retail markets." The agency added:

"In a situation where veterans and men generally are experiencing great difficulty getting suits, OPA cannot refrain from any step that will keep supplies moving."

Bug Causing Tooth Decay Is Discovered

SAN FRANCISCO, May 2.—(INS)—Ten years from now—if a couple of University of California dental professors have their way—dentists may as well throw away their horrifying drills.

The two scientists—Drs. James Nuckolls and Harry E. Frisbee—told the California State Dental association that the bug which causes tooth decay has been discovered at last.

They termed the ultimate cause of dental decay as a "gram-positive spheroidal micro-organism".

Tooth decay, they said is not the result of food acids working on the enamel and calcium of the teeth, but due to enzymatic action by a micro-organism. The means of killing it may be found in the next 10 years.

Drs. Nuckolls and Frisbee said actual isolation of the tooth-decaying micro-organism has not been accomplished, but when once classified should "prove of extreme value as a foundation for establishing a rational preventive therapy."

NEWS OF MEN AND WOMEN IN U. S. SERVICE

Harold Welsh, S-1c, son of Mr. and Mrs. Clarence Welsh of 720 South Ray street, has been honorably discharged from the Navy after having served three years in which he saw service in the South Pacific. He received the American theater ribbon, the Good Conduct medal and Victory medal.

Receiving their final papers from the armed forces at the Fort Dix, New Jersey, separation center were the following New Castle soldiers: Pfc. William Sentgeorge, 9 E. Reynolds street; Cpl. John Skuta, 8 W. Reynolds street; and Pfc. Ralph Armino, 308 E. Home street.

Jack Capitola, of 129 N. Mercer street, has arrived in Pearl Harbor from the Tokyo Bay area, after a momentuous and hazardous trip, and expects to be back in the states as soon as his ship has been repaired. Just after leaving Tokyo Bay, the engines on his ship, the LST 95 went out of commission, and his ship was towed by another vessel for 4,000 miles. It was a slow and rough ride, but they finally made Pearl Harbor in safety. He has been in service over two years.

Mrs. Selestine Finefrock, of 601 Superior street, has received word from her husband, Thomas R. Finefrock, that he has been promoted from the rank of pfc. to that of T-5. T-5 Finefrock is at present stationed in Berlin. He has been in the army for one year. Tom is the son of Mr. and Mrs. B. M. Finefrock, also of Superior street.

There'll be no rock-like biscuits in this new home, for they're starting out right—they're going to have an electric range. Guess work won't be the hidden item in the recipes she uses. The heat of her electric range will be accurate. It'll be from the same, dependable electric service that keeps her electric clock right on the split-second of time.

The kitchen will be one part of her home where she will proudly take guests, because it'll be modern — electrically modern. And, the center will be a sleek range. She'll be justly proud of the dinners that it will produce through the exclusive advantages it will afford.

★ Speed and Economy
★ Accuracy and Dependability
★ Automatic Timing and Control
★ Cleanliness and Durability

All electric living is the nerve center of this 1946 home. Living will be more enjoyable with the drudgery of work placed on the mechanism of electric servants. Electric power doesn't produce dirt, and its appliances are so easy to keep clean. The electric range is the number one cooking device of this electric age.

Navy Vocational Training Offered

Trade Schools And Training Courses Offered To Men Enlisting In Navy Now, Hetrick States

The local Navy Recruiting Station under the supervision of Chief Petty Officer Wm. H. Hetrick reports that emphasis is being placed on the many trade schools and training courses available through the Navy to the young men of America. At present, the Navy is operating over fifty different types of training schools ranging in length from a few weeks to several months.

All young men have the opportunity to compete for any type of training they so desire and can be assured that the Navy will cooperate to the fullest extent in preparing them for their future employment should they not desire to make the Navy a career. The Navy strives to place each individual in the type of training they are best suited for in order that they may be a qualified man with a definite trade which will in turn insure him of proper recognition in civilian life after separation from the Naval Service.

A secure future is the desire of every "thinking" young man and should be the concern of every "thinking" mother and father. Let your son "earn while he learns," Hetrick states.

Reid Has Role In School Play

GEO. REID JR.

Elwood Thornton, one of the two amiable villains in the farce-comedy to be presented to the public Friday evening at the senior high school, will be played by George Reid Jr. George tried his hand, successfully, with dramatics at the George Washington junior high school in "Mrs. O'Leary's Cow". "Ma's New Husband" will be found by patrons of the high school stage to be on a slightly higher scale of being and of histrionics, than was "Mrs. O'Leary's Cow". The historic "Mrs. O'Leary's Cow" could never have been half so amusing for George and for the audience, as will be the courtship-under-difficulties of "Ma's New Husband". George will be thwarted in his villainy for the sake of his fiancee, but he won't mind.

George Dewey Reid Jr. is the son of Mr. and Mrs. George D. Reid Sr., of Delaware avenue.

Isn't it strange that nothing is ever ruined by the cleaners except brand new garments that cost more than any others?

To Discuss Plan Of Forming School Forest Fire Teams

Slippery Rock College Parley May 7 To Weigh Points Of Proposed Plan

SLIPPERY ROCK, Pa., May 2.—Organization of fire-fighting crews in state high schools will be the topic of a discussion to be held at Slippery Rock college Tuesday, May 7.

The conference will be held through the cooperation of the college, the State Department of Education and the State Department of Forests and Waters. An attempt will be made to present to the educators—the county superintendents and the supervising principals of the 12 counties of western Pennsylvania—the problem of organized fire fighting crews in the high schools as it affects the pupils in the school and the principal.

Panel Discussion

This meeting wil be in the form of a panel discussion in which various school men, with experience in fire crew organization in their schools, will present the problems they faced, and the results from the standpoint of the schools.

Taking part in the discussion will be James A. Keli, secretary of the Department of Forest and Waters; George H. Wirt, chief of the Bureau of Protection, Department of Forests and Waters; Dr. B. Lewis, of the Biology Department, California State Teachers college; and Dr. Henry Klonower, head of teacher training and certification of the State Department of Education. Dr. Klonower will be the luncheon speaker and his topic will be "The Problem of Conservation in the Educational Program".

The meeting will be held in the library building of the college beginning at 10 a. m. and will be concluded with a luncheon at 1:15 p. m.

Armstrong Cork Strike Is Ended

PITTSBURGH, May 2.—(INS)—Eight hundred production workers in the Pittsburgh plant of the Armstrong Cork Company today accepted an 18½ cent an hour wage increase and ended their 107-day old strike.

W. A. Juehner, president of the Pittsburgh local, said that beside the general wage boost, the new contract provides other wage adjustments two paid holidays and time and a half for a sixth work day.

Resumption of work will commence Monday.

Hi-Y Officers Attend Meeting In Beaver Falls

Some 30 communities, including New Castle, sent their Hi-Y club officers and Tri-Hi-Y officers to the installation meeting of the central west district Wednesday evening in Beaver Falls.

The local delegation included the officers of the Union and Senior High school clubs, with David Gatrall, boys' director of the Y. M. C. A. in charge of the group.

Members of the Aliquippa Hi-Y and Tri-Hi-Y clubs officiated at the candlelight installation ceremony at which all the visiting officers were formally installed as leaders of their respective clubs.

T. Reid Alexander, association general secretary of the Downtown Y. M. C. A. of Pittsburgh, was the main speaker at the event, which was under the general supervision of Robert Traugh, secretary of the central west district of the state.

McKeesport Youth, Meningitis Victim, Shows Improvement

McKEESPORT, Pa., May 2.—(INS) — Nine-year-old Theodore Leriotis, McKeesport meningitis victim, today showed so much improvement that he may nt need the new rare government-controlled drug—streptomycin.

Attending physicians reported the boy has responded to penicillin treatments and that his temperature dropped from 104 degrees to 99.

The doctors earlier put in a hurried call to the government control center at Boston and indications were that the streptomycin will be flown to McKeesport if needed.

The boy's illness has been temporarily diagnosed as tubercular meningitis, a rare and deadly disease, but doctors said further laboratory tests will be necessary before they are certain of the diagnosis.

Ministers Urge Food Compliance

PITTSBURGH, May 2.—(INS)—Methodist ministers in Pittsburgh today adopted a resolution urging their congregations to comply with President Truman's request to conserve food for the starving millions in foreign lands.

The ministers set up a plan to collect canned goods and cash gifts to be distributed to the needy ones through the united church relief program.

The date has been cultivated by man as a food for 5,000 years. The U. S. date crop has grown from one to 13 million pounds annually in the past 20 years.

Says Communism Is 'Big Politics' In United States

Senator Wherry Tells Trade Association Government 'Crawls With Communists'

ATLANTIC CITY, N. J., May 2.—(INS)—Sen. Wherry (R) Neb., declared Monday that "Communism in the United States is 'big politics'."

In a speech prepared for delivery before the American Trade Association executives, Wherry said that government bureaus are "lacrawl with Communists and plain anarchists".

The Nebraska senator declared that Communists have come far from the days when "we considered them a slinking, furtive band without funds, who met secretly in dirty restaurants or dim cellars to plot fanatical and hopeless plans."

Labeling modern Communism in the United States "big politics," Wherry said:

"It is cleverly planned, bold, insolent, with skilled management backed by plenty of money. It sends propagandists to every nook and corner of the land.

Cleverly Organized

"It is alarming that there are so many cleverly-organized so-called Communist- front organizations, that appear more or less innocent.

"They are deadly serious in their purpose to wreck our American system of government and reduce our people to the status of slaves of the state."

At the "outer edge" of those groups, Wherry asserted, are "many sincere, innocent but completely misled individuals."

He blamed the "vast confusion" in government not entirely on the war, but in part "a confusion planned by those in high places, who want to produce a state of mental futility on the part of the people, so that regimented chaos can eventuate."

The Nebraska senator, sharp critic of the office of price administration, hit at that agency, saying:

"Price control does not beget production it begets continuous price control. The only logical antidote for inflation is production and more production." He declared:

"Unless Congress puts a quick stop to the insidious policies of OPA and other bureaus, it is not going to be difficult for advocates of government control to create another crisis which will require far more drastic action than anything we have known in peacetime."

With New Castle Afro Americans

Elder J. H. Stevenson, pastor of the Church of God in Christ, of Pittsburgh, will be the speaker this evening in the Sixth Pastoral Anniversary, conducted in the Church of God in Christ, 1119 Moravia street. A short program will be given, and services will start at 8 o'clock.

Members of the Gospel chorus of St. Luke's A. M. E. Zion church will have a special meeting this evening at 8 o'clock in the church.

St. Luke's A. M. E. Zion church will observe its 104th anniversary on Sunday, May 5, when Bishop John Wesley Martin, of Chicago, Ill., presiding bishop of the Third Episcopal district, will preach at the morning service and in the afternoon at 3:30 o'clock will consecrate to service women who have been elected as deaconesses of the church. Music for the afternoon meeting will be furnished by the senior choir of Ruth A. M. E. Zion church, Sharon, of which the Rev. I. B. Lavigne is pastor, and also by St. Luke's Gospel chorus.

Bishop Martin will speak Monday morning, May 6, at the meeting of the New Castle Ministerial Association in the First Presbyterian church.

A banquet which will be served in St. Luke's A. M. E. Zion church at 7 o'clock Monday evening, May 6, will close the anniversary program. Judge John G. Lamoree along with Bishop Martin will speak. Berl Hall is chairman of the banquet committee.

CHAMP "CHICK SEXER"

VANCOUVER, Wash.—(INS)—Ellie Granlund, a "chick sexer" can separate 500 to 700 cockerels and pullets when she is just "faking it easy"—and that is a lot of chicks in an eight-hour day. Her usual job stems from the fact that poultry raisers like to have their day-old chicks separated for ease of handling. Chick-sexing is a Japanese invention introduced on this continent ten years ago.

SMOKY TAKES OFF

PORTLAND, Oregon.—(INS)—When firemen of Engine Co. 2 returned from a run they found Smoky, their Boston bull mascot, plenty mad at being left behind. When the truck whipped around a corner, Smoky, perched on the rear end, sailed through the air with the greatest of ease and landed on his feet under a bus. A bystander rescued him.

Your ancestors couldn't keep weevils out of wheat and flour all the year, but what of it? People in Bible lands always eaten locusts.

Now Building Super Machine To Smash Atoms

Construction Of Synchotron In California Foreshadows Atomic Discoveries

WASHINGTON, May 2.—(INS)—Giant new discoveries in the field of atomic energy were foreshadowed by development of a super-powerful new atom-smasher.

Revelation of the newcomer—a synchrotron—was made in a statement by Dr. E. O. Lawrence which was released in Washington by the Manhattan District, atomic bomb headquarters.

The machine, now under construction at the University of California is scheduled for completion early in 1947.

Lawrence, cyclotron inventor and director of the university's radiation laboratory, said that "the machine will accelerate electrons to energies of 300 million electron volts, three times that of existing models of its cousin, the betratron.

. . . The atomic projectiles will be accelerated to much higher energies than has been possible heretofore."

Building Synchrotron

It was pointed out that V. Veksler of the Lebedev Physical Institute of the Academy of Sciences, Moscow, stated in a current issue of a scientific publication that he is supervising the construction of a thirty million volt synchrotron.

In America, Edwin M. McMillan, one of the nation's leading nuclear physicists, was credited with devising the principle on which the synchrotron is based. The minds of the Soviet and American scientist obviously ran together

McMillan said that with "300 million atom electrons, atom smashing will mount a threshold," adding that it might be possible "instead of splitting the nucleus to split the particles of the nucleus such as protrons and neutrons."

It will be possible with particles of these energies to study cosmic rays, or mesotrons.

Child Drowns In Creek At Butler

BUTLER, Pa., May 2.—Plunging four feet from a wagon bridge into Little Conoquenessing creek, 22-month-old David Anthony Shultz, son of Mr. and Mrs. Bernard Shultz, of Butler R. D.7, drowned in 18 inches of water shortly before noon yesterday. Efforts of life-saving crews were futile. The tragedy occurred in Jones Hollow at the farm of Mr. and Mrs. Joseph E. Sloan.

"David fell in the creek," Richard Lee Sloan, five, cousin of the child, told his mother, Mrs. James Sloan, who was working in the house at the time. She called her father, Joseph E. Sloan, who rushed to the creek and found the child face down in the water.

Now that rubber can be made from corn we may soon see a new tire label: "Genuine Iowa-grown."

Garden Notes

By Lewis C. Dayton, County Agent

CULTIVATE GARDEN EARLY AND OFTEN TO CONTROL WEEDS

After the garden is planted the next concern of the gardener usually is weed control, especially if a rainy season has aided their growth

Only regular and methodical cultivation will prevent weeds from competing with the vegetables for the moisture and plant food in the soil. By attacking the weeds while they are still small, time and effort are saved. Cultivation should be shallow to avoid injury to the roots of the vegetable plants. Some gardeners over-cultivate. Others mistakenly believe that pulling the big weeds later is all that is necessary, forgetting that in the meantime the weeds have been depriving the vegetables of needed moisture and plant nutrients.

Weed seedlings just breaking through the ground can be destroyed by the thousand in a few minutes, but once the weeds become established, the job may require hours. A hoe, rake or wheel hoe may be used to remove the weeds, or they can be pulled, depending upon the crops involved, prevailing weather conditions and the season.

For effective weed control, cultivation should start as soon as plants can be recognized in the rows. A light cultivation soon after each rain, as the ground dries, is practiced by good gardeners where possible.

Time and labor can be reduced by having cultivating tools in good condition. Frequent attention to hoes and other tools will keep them sharp and in readiness for an effective, quick attack on the weeds when they first appear.

In 1945 the model of an engine with a ramjet motor of new and unusual design, claimed to be the simplest engine in the world, was demonstrated.

Finds Potatoes Not Fattening As Most Of Us Think

Nutritionists Defend 'Spud' As Excellent Source Of Proteins, Minerals

WASHINGTON, May 2.—(INS)—If potatoes had lawyers they could sue for slander, agriculture department nutrition experts have advised.

The potato, in short, is not fattening except when framed and thrown willy-nilly into bad company.

The experts, speaking through Helen Douglass of the department's information office, said further that if the potato can lose its bad reputation many starving people abroad may get the wheat and oils they need for life.

Spud Analyzed

Peering intently under the humble skin of a medium-sized potato the nutrition experts found that the spud is nearly 80 percent water, supplies only 100 calories and contains some good quality protein, iron, starch, minerals, vitamin C and some of the B vitamins.

Its caloric content is the same as in a serving of green peas or sweet corn—less than that of a serving of lima beans.

It has about the same number of calories as two ordinary slices of bread or one thick slice.

Where there's smoke there's fire, though, and the potato has been considered fattening for a long time.

Well, the agriculture department noted, the joker is that you get as many calories out of potatoes as you put in them.

You don't get fat on the potato—you get fat on the gravy, butter, and sometimes cream you impose on it. A potato with salt and pepper is pretty harmless.

In addition, the agriculture department regards the potato as the most inexpensive energy food on the market.

One of the Egyptian pyramids, Cheops, covers nearly 13 acres, and is estimated to weigh about 7,000,000 tons.

The Japanese are said to have extremely poor eyesight but even they should be able to see that they had better never start anything again.

Assails Veterans Who Live Loosely On Jobless Grant

PITTSBURGH, May 2.—(INS)—A Pittsburgh magistrate today took to task members of the "52-20" veterans club who "recline in moral dissolution" on "their rockin' chair money".

The magistrate, William H. McDiarmid, said the $20 for 52 weeks benefits for veterans was a "mistake" in some cases as he sentenced Roy Lilley, 23-year-old ex-serviceman, to 90 days in jail.

Lilley was accused of "letting a red-headed dame" take care of his two-year-old son while he himself allegedly was a saloon habitue.

"This man just lies around all day and refuses to work," said the magistrate. "He 'farms' the child out to suit his own purposes."

Patrolman Robert Foster, who arrested Lilley, testified that the veteran's wife, Margaret, who had the child by a previous marriage, left Lilley a week ago.

Russia Refuses To Allow Entry Of U. S. Mission

WASHINGTON, May 2.—(INS)—The Russian government was disclosed today to have turned down a request for entry into the Soviet Union of an American commission studying amputation programs overseas.

The revelation was made by a member of the government commission which has just returned from the approximate two-month European tour undertaken to improve the lot of America's limbless veterans.

The spokesman, an Army officer, ruefully recalled in disclosing the action that a group of Russians were "welcomed" last winter into hospitals and amputation centers in the United States and given all information they requested.

Ground Classes Meet At Airport Hangar Tonight

First ground school meeting of the new training course will assemble in the classroom of the large hangar at the New Castle Airport this evening at 8:30

Classes are open to all student pilots, including the ex-GI's who are taking their primary training under the G. I. Bill of Rights.

The airport has acquired another new training plane which Mrs. Findley Wilson, co-operator and flight instructor at the field, flew over from Middletown, O., this week.

In connection with the expansion of air facilities in this region, the Wilsons announce that construction has started on the new Sharon airport, located on the Hermitage-West Middlesex road. The Sharon airport will have one runway 2,400 feet long and two runways 1,800 feet long.

Scott Township

Mrs. Minnie McFarland, who has been ill for the past two weeks, is improving.

Miss Blanche Woods was an overnight guest of her friend, Miss Stella Bolis, of New Castle.

Mr. and Mrs. Bert Ewing, of New Castle, spent a recent day with the latter's mother, Mrs. Martha McCaslin.

Mrs. Samuel Hunt and Mr. and Mrs. Stewart Hunt, have returned home, after a few days visit, in Florida.

Mr. and Mrs. Harry Marshall and family, were Sunday dinner guests of the former's sister, Mr. and Mrs. Albert Hall, of Camp Run.

Clyde McFarland, who has been in a training camp in Florida, for over two years, has been honorably discharged and is at the home of his parents, here.

Mrs. Rachael Woods and Mrs. Robert Hohinann, spent a recent evening at the home of Mrs. Sarah Henry and Mr. and Mrs. Robert Cooper, of Zion.

Urges Speed In Passing Health Act For Nation

Schwellenbach Says 7,000,000 Daily Disabled By Sickness In Country

WASHINGTON, May 2.—(INS)—Secretary of Labor Schwellenbach told congress that the proposed national health act must be approved to help clear up the present situation where on an average day of the year more than seven million persons are disabled by sickness.

Testifying before the senate education and labor committee, Schwellenbach said that for about half of seven million he estimated to be sick on an average day the period of disability lasts for more than six months.

The secretary said that in 1942 absenteeism caused by sickness or injury was responsible for a loss of some 500 million work days and estimated that wages lost in temporary or continued disability by workers at not less than three to four billion dollars annually.

Must Not Permit It

Schwellenbach warned that "we must not permit" the nation's health "to be jeopardized any longer through sheer failure to organize and make available to every American the scientific skills of modern medicine."

The cabinet officer told the committee that "it is not only the lack of ability on the part of low income groups to pay for medical care that is at the root of our failure but also the maldistribution of the country's existing resources for health and medical services." He said:

"The consequences of our failure to solve these economic and social aspects of medicine have been serious in terms of human life wasted and depletion of health and vigor of millions of our working people and their families.

"Although death rates have decreased, there is still much preventable sickness."

Urges Boost In College Rolls To Absorb Veterans

HARRISBURG, May 2.—(INS)—Pennsylvania colleges were called upon today by Gov. Edward Martin to Boost enrollments approximately 50 per cent to absorb thousands of education-seeking veterans.

If colleges meet the goal, he added, it would eliminate the necessity for establishing a "GI College" on the 16,506-acre Indiantown Gap military reservation.

"It is an enormous undertaking to establish a new institution and I am hoping we will not have to do it," he asserted.

A survey has been launched of several colleges in central Pennsylvania, he said, to ascertain whether they were able to meet the goal. The spot check will be made statewide if the initial survey indicates ability to absorb a quota of veterans.

Double Sentence 40 Years To Life For Child Slayer

DETROIT, May 2.—(INS)—Frank Lobaido, convicted of the criminal assault and attempted murder of seven-year-old Rosalie Giganti, was sentenced Wednesday to serve from 40 years to life on both counts.

The sentences are to run concurrently. Recorder's Judge Gerald W. Groat recommended the maximum term when delivering the sentence.

When asked if he had anything to say, the 29-year-old grocer declared:

"Nothing, except that I didn't do it."

Judge Groat declared in pronouncing the sentence:

"The crimes for which you were convicted are the most despicable and heinous ever committed in this city and as a punishment for the wanton disregard for the law and as a warning to future violators and as a protection to women I now sentence you."

Lobaido was charged with assaulting and slashing the child when she came to his store to purchase groceries on January 27, 1946.

Rosalie was found in the back of the defendant's store several hours after her parents reported her missing.

Hoover May Tour Important Cities In Drive For Food

WASHINGTON, May 2.—(INS)—Government officials disclosed that Herbert Hoover may appear in certain major cities in behalf of the food conservation program after he completes his tour of famine-stricken countries.

An official of the famine emergency committee said that the former president has no plans for an extensive nationwide tour. He explained that such a trip would be "too great an imposition" on Hoover.

Hoover is scheduled to returned to this country in two weeks. He will report to President Truman on conditions in starvation areas.

The committee official pointed out that Hoover's future plans are tentative. He said, however, that mass meetings are planned in several cities, including New York, and expressed belief that Hoover probably would attend some of these gatherings.

Princeton School To Give Operetta On Friday Evening

High School, Grade School Both To Have Part In 'Ask The Professor'

Both high school and grade school students of Princeton will take part in the operetta "Ask for Professor", in the school auditorium, Friday evening, May 3, at 8:15, Eastern Daylight Saving time.

Taking place on the campus of a fashionable girls' school, the story opens on Commencement day, with the usual crowd of relatives and friends present to see the crowning of the queen and the other festivities.

Secret Discovered

Meanwhile a laundress' daughter and son become involved in a plan to keep their lowly origin a secret. Unknown to the boy and girl, their secret is discovered, and at the commencement the two find out how much their are liked just for themselves.

Playing the chief roles are Joann Shira and Milton Hogue as Maryida O'Neil and John Ainsworthy. They are supported by Shirley Copper, Dale Cunningham as the professor, Beulah Stickle, Lois Ann White, John DeGrutolla, Frank Collins, and Mary Alice Martin.

Both singing and dancing choruses are used for the entertainment, with Miss Dotty Stewart of New Castle assisting with the dances. The entire production is under the direction of S. A. Eaken, music supervisor for Slippery Rock township.

Seek To Create Big Steel Center In Utah Sector

WASHINGTON, May 2.—(INS)—A positive movement to create a great steel center in the west was born today as the War Assets Corporation considered seven bids for the purchase or lease of the war-built Geneva steel plant at Geneva, Utah.

Heading a delegation which aims to press for the preservation of the Geneva steel plant as a permanent western facility and which hopes to see the plant operated by western interests is Gov. Herbert B. Maw of Utah.

Maw declared that "the whole economy of the west is tied up in the steel development" and pledged his support to keep the Geneva facilities operating "as a steel plant".

Topping all other bids for the Utah plant opened late Wednesday was that of Blue Star Enterprises, Inc., of Salt Lake City, which offered to pay 302 million dollars, in installments of 20 million dollars annually at 3 percent interest.

Government investment in the Geneva plant—which is described by it as "the greatest steel plant in the world," and by some others as "the greatest white elephant"—is 190 million dollars.

The island of Ceylon, in the Indian ocean, has over 3,000 species of birds and many varieties of reptiles, among the most prominent being the crocodile.

DRIVING WINS NYLONS

PLAINVIEW, Tex.—Mrs. Ivan Adkins of Plainview was stopped by a policeman whom she had seen following her automobile several blocks. "Lady," the officer said, "I've followed you eight blocks, and you did everything right. Five other women I followed committed one or more traffic violations....What size nylons do you wear?" The gift to Mrs. Adkins was the first in a new drive to promote traffic safety in Plainview.

EVACUATE CANNES

CANNES—(INS)—Cannes, which for a year was used by the United States Riviera Recreation Area organization as a leave center for American officers, has been completely evacuated. Major John H. Olin, head of the USRRA, has announced that from now on officers and men will spend their week's leave in Nice. Each week 900 GI's and 100 officers will arrive in Nice from Germany to take a rest in the Riviera sunshine.

Optimism As Postwar Straw Hat Season Nears

If you're the type of man who goes hatless during the summer months this story won't interest you. But if you are that species of the male that likes to step out the middle of this month bedecked in a new straw hat, your worries are slowly coming to an end.

A canvass of some of the leading haberdasheries about the city showed quite a fine selection of new straws adorning the shelves and promises that more are coming. Understand, you may not be able to walk in and purchase a genuine Panama, or one of those fine headpieces woven from Chinese or Italian straw, but the hats are coming in and retailers have promises of many more.

War Made Inroads

Just as the war made inroads in supplies of many clothing items, the straw hat industry also was caught without adequate reserve stocks and when our ships converted to hauling much more precious cargoes, imported straw took a dip.

To meet the demand at present, manufacturers are turning to the domestic straws and are also turning out the synthetic variety. Slowly, the better imported materials are filtering into the jobbers but like everything else that is dependent upon foreign shipment, they are slow to materialize, it is pointed out.

America, never without a trick up its manufacturing sleeve, is not to be caught flat-footed with the season for the light-colored headgear just two weeks off.

So don't cast too many disdaining looks at that battered felt. Step out and look over the stock. Perhaps you won't find your exact shape or shade, but for those males who like to turn out May 15 in the traditional straw, your problem is being solved.

Have More Tons Of Faster Ships Than Before War

ATLANTIC CITY, N. J., May 2.—(INS)—The United States chamber of commerce was told Wednesday that there are now more tons of faster ships afloat than before the war.

Almon E. Roth, president of the National Federation of American Shipping, said the combined efforts of all belligerents couldn't sink them as fast as Allied shipyards built them.

He added that space for passengers still was scarce and wouldn't reach pre-war levels for at least three years.

However, the time-tables for the new ships will be something new.

There will be 30-knot, 1000-passenger, air-conditioned vessels with inter-ship telephones and built-in-showers.

A round-trip voyage from New York to the Orient, for example will take 30 days instead of 60. The Rio De Janeiro time will be cut in half.

Roth predicted American tourist travel in the 1950's will amount to $1,250 million a year compared with a pre-war high of $681 million.

He pleaded that the shipping lines will be permitted to add airplane service in conjunction with their surface operations.

Death Toll In Blast Of Ship Rises To Seven

EARLE, N. J., May 2.—(INS)—The list of men missing and presumed dead was tentatively increased to seven today as the navy continued its probe into the ammunition blast which wrecked the destroyer escort U. S. S. Solar.

The navy said last night one officer and six men vanished when the Solar blew up Tuesday at the Earle ammunition depot pier at nearby Leonardo. Their names were withheld.

Thirty-five of the 135 injured remained in hospitals. Seaman Raymond W. Winnie, of Kingston, N. Y., was in critical condition from multiple burns. Listed as in serious condition were John W. Schaeffer, of Urbana, O., Harold L. Towne, of Braddon, Ia., Leonard S. Miller, of Berke Va., and James C. Campbell, of Sommerville, Mass.

AMPLE EQUIPMENT NEEDED FOR CHICKS

Since chicks occupy more space and eat more feed as they grow, many poultrymen supply at least three different sizes of equipment.

Twelve inches of feeder space should be provided for 10 to 15 chicks from the time they are one day old until htey are two weeks of age. A 24-inch feeder will accommodate 40 to 50 chicks, or six such feeders will accommodate 250 to 350 chicks.

After two weeks the amount of feeder space should be doubled. This can be done by providing both more and large equipment—a means for supplying more feed and saving labor. At five to six weeks of age adult hoppers may be used.

Minimum requirements for day-old chicks call for one quart of water capacity for every 15 to 20 chicks. On this basis, three 6 to 8-quart waterers will meet the needs of 250 to 350 chicks for the first two to three weeks. Thereafter, a hen-sized fountain, or automatic waterer will assure a constant supply of water, and save much labor.

Educators Meet Here Wednesday

Hear Discussion Of Proposed UNESCO Body And New Elementary School Policies

DISCUSSION LED BY AUTHORITIES

Elementary school teachers from the Mid-West Convention district assembled in the Ben Franklin junior high school Wednesday afternoon to hear a discussion of new elementary school policies by Dr. Glenn E. Barnett of Washington D. C., assistant secretary of the Education Policies Commission, who is writing the manuscript on the elementary school for the commission.

The meeting was fairly well attended by representatives from the five counties interested in elementary education, the meeting being presided over by Joseph A. Hartman, principal of the Highland and Arthur McGill buildings, who is president of the local branch of the P. S. E. A.

Miss Eva G. Pinkston, executive secretary of the Department of Elementary School Principals of the National Education Association, was also present and endorsed the discussion, urging the elementary school people to back the manuscript and to assist by telling what they feel is good in elementary education.

New Developments

This meeting and another which followed in the evening was one of a series of nine conferences arranged throughout Pennsylvania by the P. S. E. A., the National Education Association and the Department of Public Instruction for Pennsylvania, to acquaint educators with new educational developments.

At the evening session, Dr. Ben M. Cherrington of the University of Denver, chairman of the international relations committee of the NEA, and presently a consultant with the State Department, discussed the proposed United Nations educational, scientific and cultural organization, which would be an affiliate of the United Nations Organization, but an autonomous body. It was proposed at the San Francisco conference and will become effective when 20 nations join, with the sanction of their governments.

It has three main divisions, a congress or governing body, each nation being limited to five representatives, which meets once a year; an executive board, consisting of 18 members, no two of which may be from the same nation, and a secretariat, composed of permanent employes.

Its purpose is the exchange of ideas on education, science and culture, and the dissemination of information on new ideas along these lines.

Dr. Cherrington stated that it is hoped that enough nations would accept the proposal and name delegates so that the first meeting of the congress could be held in November. It is proposed to have headquarters in Paris.

Charge Strikers Ejected Executives From Tractor Plant

MILWAUKEE, Wis., May 2.—An inquiry into the reported ejection of two executives from the Allis-Chalmers tractor plant by CIO strike pickets was started today by the Wisconsin attorney general's office.

Gov. Walter S. Goodland ordered the investigation after Walter Geist, president of the Allis-Chalmers company, declared in a message to the governor that "a state of anarchy exists."

Geist complained that pickets invaded the plant yesterday and "forcibly ejected two executives from the building." He appealed to the governor for "adequate protection."

Japanese Weevil Pest Threatens Damage In U. S.

TRENTON, N. J., May 2.—(INS)—New Jersey declared war today against an invader from Japan—a destructive weevil which threatens to become as great a nuisance as the Japanese beetle.

The state department of agriculture identified the insect as the calomysterus setarius, unpopularly known as the long-horn weevil. It is only an eighth of an inch long, feeds voraciously on flowering plants and vegetables, and likes to relax on parlor furniture.

First discovered at Yonkers, N. Y., in 1929, the long-horn weevil has since establish tiself in Rhode Island, Massachusetts, Connecticut, Maryland, Pennsylvania, Iowa and Illinois.

Now it has shown itself in Palisades, N. J., and at Great Notch in Passaic County, and the bureau of plant industry altered the entire state to report and destroy the pest wherever it appears.

Woman's Club Group Has Party For Scouts

Welfare Department Entertains 27 Girl Scouts At Lincoln-Garfield Wednesday

Twenty-seven Girl Scouts of the Lincoln and Garfield school were guests of the Welfare department of Woman's club at a party in the school library Wednesday afternoon.

The girls, members of a former troop which met at the school, have been leaderless for many months but consider themselves a troop. Before the luncheon was served, the girls were entertained with music played on a record player.

Mrs. Charles A. Gardner, chairman of the Welfare department, planned the party with the assistance of Mrs. Roy F. Conway, co-chairman; Mrs. H. E. Golder, and Mrs. John A. Edgar of the organization committee of Girl Scouts Council.

Guests were Lucien Black, principal of the school; Mrs. A. T. Eckles and Mrs. Paul Falk, teachers and former leaders; Miss Helen Clark and Miss Emma Maxwell, teachers; and Mrs. G. W. May, chairman of the organization committee of the Scout Council.

This party is an annual event sponsored by the Welfare department each spring. The group is especially interested in this troop of scouts, for whom the Girl Scout Council is trying to find a leader. The troop will need reorganizing and capable leadership in the fall if the girls are to retain their interest in scouting and in their troop.

Mrs. May, Mrs. Golder, and Mrs. Conway were introduced by Mrs. Edgar during the luncheon. Mrs. May spoke briefly to the girls, making announcements of the mother-and-daughter banquet which will take place on May 13 and of the dates for the Girl Scout summer camps.

Two Brothers Learn Tolerance

Highlights On The Sunday School Lesson

Charity of St. Martin.

"Let us love one another."—I John 4:7

(The International Uniform Lesson on the above topic for May 5 is Mark 3:14-17; Luke 9:49-56; I John 4:7, 8, the Memory Verse being I John 4:7, "Let us love one another.")

"Two Brothers Learn Tolerance" is the title of today's lesson. How Jesus taught two brothers tolerance might be a better title. For He did so teach them, and they never forgot the lesson, and grew more like the Master as the years passed.

Our first reference is to the time when Jesus chose 12 men out of all His disciples to be preachers. THey were to be with Him always and He would teach them so that they would carry on His work after His mission on earth was fulfilled. Not only were they to preach, but they would have the power to "heal sickness and to cast out devils."

This calling of the apostles should be distinguished from their first calling, which is recounted in Luke 9:1-6, and Matthew 10:1-8. Both occurred at crises in Jesus' life, the one shortly after the conspiracy against Him by the Pharisees and Herodians, with the result that He was expelled from the synagogues, the other after His flight on hearing of the execution of John the Baptist by Herod Antipas. He retired to the high land behind Capernaum, spending the night in prayer. In the morning He returned to His disciples and chose the 12 to be His special messengers and missionaries.

Jesus' followers who were closest to Him were called His disciple, or scholars. From among them the 12 were chosen to be with Him always while they received training for their work. They heard Him preach, saw Him work miracles, noted His attitude toward His fellow men.

They were sent on short teaching journeys. After His resurrection He appeared to them. They were pillars of the church.

Surnames Three

Next we are told how He surnamed Peter, Simon, and James, son of Zebedee, and John, his brother, he surnamed Boanerges, which means "The sons of thunder."

Simon, a fisherman who lived at Capernaum, whose brother, Andrew, had brought Him to Jesus, was always named first, in the records, the most prominent of the 12 apostles. James and John were brothers, possibly first cousins of Jesus, and partners of Simon and Andrew. James seems to have been older than John, who is referred to as "the beloved disciple."

James was the first of the 12 to suffer martyrdom and the only one whose death is recorded in the New Testiment. John survived all his fellow apostles. These two were eloquent in speech, with a deep, abiding sense of what was right and just. These traits sometimes led them to extremes of severity against sinners. Jesus taught them the tolerance they needed to make them ideal ministers of His gospel.

Luke tells us of one instance when their zeal for their mission went beyond the limits of tolerance and brought on them a mild rebuke from the Master. John told Jesus, "Master, we saw one casting out devils in Thy name; and we forbade him, because he followed not with us."

Jesus answered quickly, "Forbid him not; for he that is not against us is with us." The man was evidently a devout follower of Jesus, although not one of the chosen. He really was casting out demons, and Jesus knew his work was justified, hence the rebuke.

Hospitality Refused

Another instance of the zeal of the brothers in the cause of their Lord was when Jesus felt it was time "that He should be received up," and he set His face steadfastly toward Jerusalem. He sent messengers ahead to prepare hospitality for Him. They went to a village of Samaria, people who hated and were hated by the Jews, and the Samaritans refused to entertain Him.

The brothers, James and John, were highly indignant, feeling doubtless that their leader was being insulted. "Lord, wilt Thou that we command fire to come down from heaven, and consume them, even as Elias did?" they asked.

You remember that incident when Elijah called down fire to consume the scornful captains of fifties in II Kings 1:10, 12. "But He turned, and rebuked them, and said, Ye know not what manner of spirit ye are of. For the Son of Man is not come to destroy men's lives, but to save them. And they went to another village."

The lesson concludes with the words of John, the beloved disciple, in I John 4:7, 8, "Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God.

"He that loveth not knoweth not God; for God is love."

Even Jesus grew righteously indignant when He saw the hypocrisies of those who were the religious leaders of the people, and men desecrating the Lord's house. But He was tender and tolerant with those who acknowledged their sins, who were honest and devout in their daily lives.

Man Killed In Fall Out Window

Maurice Burrell, Former Local Resident, Falls From Third Floor Of Wach Block

Maurice Burrell, aged 48 years, former resident here, but late of Akron, O., was instantly killed in a fall from the third floor of the rear of the Wach Block, about 7 o'clock Wednesday evening.

Burrell, it is stated, had been employed at one of the rubber plants in Akron, but had been laid off, and returned here earlier in the week. He formerly resided at 1101 Scioto street. Corner T. F. Nugent was informed.

City Firemen Archie Slovonsky and Charles Fox, with assistant city electrician, John Jones, were sitting in front of the No. 5 Fire department on Scioto street, almost across the street from the rear end of the Wach Block, when they saw Burrell enter the building and go to the hall at the end of the third floor. He opened the window there and was sitting in a precarious position. They called city police to come and take him into custody for fear he would fall out, but while the call was being made, Burrell fell. He suffered a broken neck and other injuries.

The body was removed to the Crunkleton funeral home.

Attlee Receives No Reply As Yet From U. S. On Palestine

LONDON, May 2.—(INS)—The British foreign office said today it has received no communication from Washington on Prime Minister Attlee's proposal for joint Anglo-American supervision of Jewish migration to Palestine.

It was expected that British Foreign Minister Ernest Bevin and U. S. Secretary of State James Byrnes will take up the question of Palestine in private talks in Paris.

This is the nicest week of the baseball season. Every club is still in the running.

GIRL SCOUTS

Troop 3

Troop 3 met Wednesday evening at the First Christian church for their weekly meeting. The meeting was opened with the flag ceremony followd by Patrol Corners at which time the plan for work for this year was discussed by the girls. A general discussion period followed at which time the girls were given details concerning camp this summer. Plans were also made for the Mothers and Daughters Tea which will be held the latter part of this month. Girls were urged to have their registrations in by next Wednesday at the latest. It was also announced that this Saturday was the deadline for purchasing tickets and making reservations for the Mothers and Daughters Girl Scout Banquet to be held Monday, May 13, at the Cathedral. The meeting was closed with the singing of several songs and the Girl Scouts benediction.

Detroit Strikers Threatening To Picket Stores

DETROIT, May 2.—(INS)—Detroit was threatened with a "food famine" today as the AFL Teamsters' Union warned it would picket the city's 6,000 independent retail grocers and meat dealers unless they agreed to meet the teamster's demands.

James Hoffa, the union's business agent, declared that picket lines will be thrown around the stores next Monday unless the retail grocers and meat dealers associations accept contract teams submitted by the union.

The retail merchants, however, aroused over the union's organizing drive, plan to defy the teamsters. They met last night at a stormy session and passed a resolution refusing point-blank to pay what they called "one-cent of tribute" under any guise.

The 1,500 merchants warned that they themselves will close the stores and keep them closed "until public sentiment is aroused." The union demands that the merchants join the AFL organizations if they continue delivering their own groceries and meats from wholesale houses.

Seventh Ward

Spring Festival At Mahoning School

On Wednesday afternoon, the spring festival was presented by pupils of Mahoning school, in their auditorium.

The program consisted of selection given by the school band, under the direction of Mrs. Gwladys Thomas Polland, also selections by a chorus from each class, conducted by Miss Jane Kyle, and Mrs. Pollard.

Accordion solos were given by John Pappaianni.

This evening, at 7:30, the program will be repeated in the auditorium, to which the pupils, parents, and friends have been invited.

YOUTH FELLOWSHIP PLAN TO PRESENT PLAY

Members of the Youth Fellowship group of the Mahoning Methodist church, will present a three-act play, in the social room of the church on Thursday and Friday evenings, May 16 and 17, at 8 o'clock.

The play is entitled "Down On Addie's Farm", and is being directed by Mr. and Mrs. William Miller.

MAHGI CLUB WITH MISS A. McHATTIE

At the home of Miss Anna McHattie of 606 North Ashland avenue, members of the Mahgi club were entertained on Tuesday evening.

Various games were the pastime of the evening.

Following a social period, a splendid lunch was served by the hostess, assisted by her mother, Mrs. John W. McHattie.

Mrs. Vyda Mullen of 408 North Liberty street, will be hostess to the group at their next meeting.

BALL GROUNDS IN SHAPE

It is reported that the West Clayton street and the E. and A. ball grounds have been graded and rolled by the city employees and are ready for use. North Cedar street ground has been cleaned up after the carnival and is being put in good shape. There is a 'hitch' in fixing up the large ball grounds north of Mahoning avenue, just below the viaduct, as part of the land has been sold, according to report.

SUFFERS FRACTURE

Mrs. F. H. Byers of McClelland avenue, R. D. 2, formerly of West Cherry street, fell on Wednesday afternoon in her home and suffered a leg fracture. She has been admitted to the Jameson Memorial hospital and is getting along as well as can be expected. Mrs. Byers is a sister of Mrs. W. R. Bollinger of West Madison avenue.

SCOUTS MEET FRIDAY

On account of the presentation of the spring festival in the auditorium of Mahoning school, this evening, it is announced by the Scout Committee that the Boy Scouts Troop X-4 will have their meeting in the gymnasium tomorrow, Friday evening, at 7 o'clock.

SEVENTH WARD PERSONALS

Mrs. Josephine Rotelli and niece of Indianapolis, Ind., are visiting for a week with Mr. and Mrs. Tony Rotelli of 100 Montgomery avenue.

Miss Mary C. Russo, of 20 Montgomery avenue, is getting along nicely at her home. She underwent a tonsil operation at a local doctor's office, a week ago.

Word has been received that Harry Mick of Beaver, formerly of the ward, is slowly improving. Mr. Mick is confined to the Rochester, Pa., hospital, following an accident on the Penna. Railroad, and undergoing a serious operation.

Mrs. Frank Iovanella of 510 West Cherry street, who was ill at her home for almost a week, is much improved, and able to be out. Mr. Iovanella, who has been ill, is much improved.

Mr. and Mrs. Jim Marbito and son, Donald, of West Cherry street, have left for New Jersey where they will be the guests of Mr. and Mrs. Joe DiLeonardo. They will attend a gathering given in honor of Marie DiLeonardo who will be confirmed today, with Mrs. Grace Morabito as sponsor.

Mrs. W. A. Dibbley, of North Cedar street, has returned after concluding a visit with her sister, Mrs. E. R. Robinson, of Topish, Wash., whom she had not seen for 40 years. Together the sisters went and visited another sister, Mrs. J. H. Baldwin of Corvallas, Ore.

There is only one specimen of the African okapi in the U. S., and it is in the New York Zoological Park, New York. Its nearest ancestor died out 60,000,000 years ago.

CANCER

MORE than twice as many Americans were killed at home by cancer, from Pearl Harbor to V-J Day, as were killed in all our military operations.

Cancer will kill 17,000,000 more Americans now living, unless we do something about it.

Cancer respects neither age nor sex. This year alone more than 175,000 American men, women and children will die of cancer. That is at the rate of 478 of us every day in the year, 20 every hour, one every three minutes.

Your own chance of becoming a victim is one in eight. No one is safe from cancer.

But There Is Also Vital Hope!

From 30 to 50% of those who now die of cancer die needlessly. Had they known the early "danger signals" of cancer and obtained proper treatment in time, the chances are they could have been saved.

There is every reason to believe that a comprehensive research program as thorough as that which gave us the atomic bomb, may bring comparable results in science's quest for the cause and cure of cancer.

Your gift will be used to fight cancer these three ways:

1. To spread the knowledge that cancer may be curable when diagnosed early, 2. To help provide more and better facilities for the treatment of cancer patients, 3. To make possible the first really comprehensive scientific research program to conquer cancer.

Missionary With 50 Years Service Speaks On Campus

NEW WILMINGTON, May 2.—Miss Kate Hill, who recently retired after serving for 50 years as a United Presbyterian missionary to the Punjab district of India, addressed the Westminster college students this morning in the chapel in an effort to interest young people in foreign missionary work.

Miss Hill also spoke to the combined meeting of the campus Y. W. C. A. and Y. M. C. A. Wednesday evening. The veteran missionary is visiting a large number of schools and churches in this work, representing the women's foreign mission board of the church.

Approximately 29,350 Wyoming men were inducted into the armed forces during World War II.

Will Meet Monday To Complete Plans For Welcome Home

All committees of the "Welcome Home" planned for World War Two veterans in the Cathedral, May 8, are to meet in The Castleton hotel Monday night, May 6, to complete the final arrangements for the party. Dale Lawson, general chairman, and Clarence M. England, chairman of arrangements, want to check last minute details.

The "Welcome Home" is being held on May 8, the first anniversary of VE Day both as a reminder of the day and a welcome to the men and women who served in the past war.

The plans call for a dance in the Cathedral, a big floor show from Pittsburgh, and refreshments. The party is for every man and woman who served in the recent war regardless of their length of service or where they served. Everything is free to them.

Discharge buttons in the coat lapel are the ticket of admission for service men and their lady friends. The party starts at 9 o'clock and continues until 1. The official addresses of welcome will be made by Mayor John F. Haven and Judge W. Walter Braham. The affair is sponsored by the city, the county and civic, fraternal and military organizations.

Note on red tape: The british on the Continent settle a claim for less than $100 in 15 minutes; we take six weeks and a dozen forms—and make a friend hate us.

Forecasts Decline Of Milk Products

HARRISBURG, May 2.—(INS)—State Agriculture Secretary Miles Horst predicted today that milk, butter and other dairy products "can be expected to decline in volume" this year.

"With milk cows on dairy farms of Pennsylvania going to slaughter at the rate of nearly 1,000 per month, milk production is declining from all-time record amounts established for most months in 1945," Horst said.

He described the cows as "old or low productive".

"Although the 'spring flush' peak in milk production will come this month and next, the fluid milk supply in late summer and fall will not meet demand," he predicted. "Not only will butter continue scarce, but all dairy products can be expected to decline in volume under existing conditions."

Horst indicated inequitable price controls were to blame.

STOCK EXCHANGE VICE PRESIDENT NOW PAID SALARY

PHILADELPHIA, May 2.—(INS)—The Philadelphia Stock Exchange today has its first paid vice president.

He is Alexander Biddle, 53, of Philadelphia, named to the post by the exchange's Board of Governors at a reported $10,000-a-year salary.

The board said the move was taken to enhance the prestige and boost the business of the exchange.

SEWER QUESTION

Before Judge John G. Lamoree the question of whether or not properties in Neshannock township may be connected with the city sewers was up in the case of J. Clyde Gilfillan against the City of New Castle. Mr. Gilfillan purchased land from the Commonwealth Real Estate Co. and claims the right of that company to connect with the city sewer rides with the land due to an agreement made some years ago. The city claims it is not required to accept sewer connections.

EXPENSIVE CRIMINALS

Active On Farms After High School Vocational Course

STATE COLLEGE, May 2.—More than half of the Pennsylvania high school graduates formerly enrolled in vocational agriculture courses, today are engaged in farming, according to Harry Everett, vice president of the Pennsylvania Vocational Association.

Everett's report, which is published in the current issue of Pennsylvania's Agricultural Education, shows that 36,000 Pennsylvania boys have taken vocational agriculture training in high schools during the last quarter of a century. He estimates that 58.4 per cent of these boys are now engaged in farming.

He reports that 26.7 per cent are to be found on the farms of their parents, working for wages, a share of the income, or both. Most of these boys eventually will operate the farms themselves. Nearly 5,000 others are on their own farms, either as owners or renters.

Those working on other farms for wages and in occupations closely related to agriculture account for 14 per cent of the total, according to Agricultural Education, which is published by the agricultural education department at the Pennsylvania State College. During the war, only 1.7 per cent of this group found their way to colleges.

EX-MARINE DIES SUDDENLY

BETHLEHEM, Pa., May 2.—(INS)—Frances Polneske, who was to have married ex-Marine Elwood F. Bartholomew today, instead made plans to attend his funeral.

Bartholomew collapsed and died of a heart ailment while working as a roofer on a Bethlehem home. The victim, who was 33, had served in the marines for five years.

Library Offers 'Movie Book' List

Filming Of Novel Brings Moviegoers Flocking To Library, Librarian Finds

Moviegoers who like to compare the shows with their original presentations in book form are constantly demanding "Dragonwyck", "Leave Her To Heaven", or "The Lost Weekend" says Miss Alice Sterling, chief librarian.

Not just new books, either; old books, whose circulation once was high but has declined, recover their popularity the instant production starts on a Hollywood set. For example, Owen Wister's "The Virginian", was a turn-of-the-century best seller and is stepping back into the limelight with the third filming of the famous western story.

Where it used to be "Gone With the Wind," the demand is now for "Saratoga Trunk" by Edna Ferber; "Kitty" by Rosamond Marshall; and "Miss Susie Slagle's" by Augusta Tucker. "The Turquoise," by Dragonwyck's author Anya Seton, has also been bought for use as a screen play.

Other Books

Other "movie books" are: "Whistle Stop" by Marita Wolff; "A Walk in the Sun" by Harry Brown; "They Were Expendable" by William L. White; "Wanderer of the Wasteland" by Zane Gray; "Colonel Effingham's Raid" by Berry Fleming; "Tomorrow Is Forever" by Gwen Bristow; "State Fair" by Phil Stong; "Mildred Pierce" by James M. Cain; "The Lost Weekend" by Charles Jackson; "Chicken Every Sunday", Rosemary Taylor; "Cluny Brown" by Margery Sharp; "Young Widow" by Clarissa Cushman; "Danger Signal" by Phyllis Bottome; and "Girl of the Limberlost" by Gene Stratton Porter.

Sometimes titles are changed during the transformation from novel into movie, as for "Adventure" which was filled from the book "The Anointed" by Clyde Brion Davis and "From This Day Forward," based on "All Brides Are Beautiful" by Thomas Bell.

Mounted Cavalry Finished As Unit Of State Forces

HARRISBURG, May 2.—(INS)—Mounted cavalry ceased Wednesday to exist as a military unit in Pennsylvania.

The last four components of the Pennsylvania Guard's first cavalry were disbanded Tuesday night at the Harrisburg military post. They were troops A and B and headquarters and headquarters detachment.

Troop C, stationed at Gettysburg, will be retained as a mechanized unit.

The final "fall out" order ended the wartime emergency service of 105 volunteers. The 85 horses available for patrol and drill were all privately owned.

The war department has eliminated mounted troops from the post-war National Guard but has authorized mechanized cavalry units.

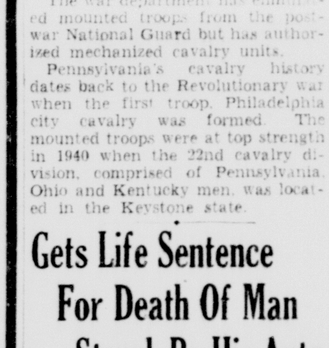

Pennsylvania's cavalry history dates back to the Revolutionary war when the first troop, Philadelphia city cavalry was formed. The mounted troops were at top strength in 1940 when the 22nd cavalry division, comprised of Pennsylvania, Ohio and Kentucky men, was located in the Keystone state.

Gets Life Sentence For Death Of Man Struck By His Auto

YOUNGSTOWN, O., May 2.—Pleading guilty to second degree murder, J. B. Dawson, father of nine children, today was sentenced to life imprisonment. Dawson was indicted by the January grand jury on a charge of first degree murder in the death of Pink Glasgow, 45. Dawson, driving his automobile, chased Glasgow along the sidewalk last March 22 and ran him down with the car.

In recommending that the charge be reduced, Prosecutor William Ambrose told the court that the slaying followed an altercation at Dawson's home in which Glasgow had struck Dawson.

It is the first case in the history of Ohio, the court said, where an automobile was the instrument of death in a murder case.

Boston Red Sox Look Like Champs At Moment

Bosox Lambast Detroit Tigers, Yanks Roar Back

Brooklyn Dodgers Turn On Chicago Cubs, Phils And Athletics Both Win Games

NEW YORK, May 2.—(INS)—Visions of an American league pennant fluttering from the masthead at Fenway Park, Boston, for the first time in 28 years were being entertained by the aroused citizenry of the town today—and not without valid reason.

For the roistering Red Sox looked every inch a prospective champion yesterday as they hit the jackpot for a 13-1 knockout of the Detroit Tigers and for the second straight day.

Yanks Roar Back

Meantime, the world champions' equally vaunted attack was effectually silenced, being held to one run and seven hits in the last 18 innings by Dobson and Dave Ferris. Whereas, George Metkovich alone topped that yesterday by accounting for four runs with his three hits and two passes in six appearances at the plate.

The Yankees shook off the effects of Feller's no-hitter by lambasting the Indians 6-3, to square the series at one-all. Four-hit pitching by Red Ruffing—making his initial appearance of the season—and the explosive hitting of Tommy Henrich proved abiding factors, with Henrich driving in four of the six runs.

Dodgers Win One

The Dodgers, who had lost three straight and the National league lead, took an overhauling from Leo Durocher and then debauched into a 15-hit attack that beat the champion Cubs, 5-1.

As a result, the Dodgers went into a tie with the idle Cardinals for the league lead.

Phils Lambast Pirates

The Braves and Reds also were rained out, likewise the Senators and White Sox.

Unprecedented, yesterday both Philadelphia clubs won a ball game on the same afternoon. The Phillies did it at Pittsburgh, and pretty impressively at that with an 8-0 breeze against the Pirates.

Another home run, Sam Chapman's second in two days, brought the Athletics down in front of the Browns 3-2, to make it two in a row—a minor miracle in itself.

Army Vet Requests Tryout From Mack

PHILADELPHIA, May 2.—(INS)—Maybe this will be a happy day for Connie Mack, with the army coming to the rescue of his floundering A's.

The old master will look over Jack W. Fortney, 23, a former M. P., who, following his discharge, came from Akron, O., at his own expense, to try out for the third base spot.

But Connie is more interested in the .606 the veteran said he batted in 39 games in a soldier circuit.

Fortney, a product of Martinsburg, W. Va. said his only, professional background was a few games with a sandlot team for which he was paid $25.

Dubber Dollies To Play Friday

Dubber Dollies lady golfers will go to the Castle Hills golf course Friday evening at 5:30 o'clock for their first round of golf of the season, having been held back last week by cold weather it was announced by Miss Naomi Surridge and Jean Webster co-chairladies.

The women golfers will play a round Friday night and for the next two weeks, turning in their score cards for handicaps. After three weeks the women will form their various league teams and get under way for the season.

Al Flair Goes To Louisville Club

BOSTON, May 2.—(INS)—Al Flair, six foot four inch first baseman of the Boston Red Sox, was sent to the Louisville farm club today on option.

Flair, recently returned from war service, was considered the outstanding candidate for the job at the initial sack until the Bosox purchased the veteran Rudy York from the Detroit Tigers.

CHURCH GOLFERS START TONIGHT

Twelve-Team Church Golf League Will Tee-Off At Castle Hills Course

With two new teams in the fold, the 1946 New Castle Church Golf league season swings open at the Castle Hills course this evening, with six matches taking place starting between 5:30 and 6:30 o'clock.

The Second U. P. team will be the defending champions from last year, having won in the playoff with Epworth. Second will be back with a strong team this year headed by Walt Vogan, Kelley Montgomery, Bill Watkins, Jr., and Bobby Mills, to replace the stars lost to the new St. Mary's team, which will have the Palmer brothers, Fred, Bob and Ellsworth, Jimmy Ludwig, the Brincko brothers, and others in the lineup.

Stars Are Back

All of the teams have added new stars this year with many of the returned servicemen catching on with various teams. A successful season is anticipated by the officials of the league.

The Temple Israel team is back after a lapse of years and will make it interesting, it was indicated. Upwards of 72 men will start play tonight, using both No. 1 and No. 10 tee-offs, to get under way. There will be three matches on each nine.

Benesch Faces Stiff Puncher

De Genther Was "Nailed" Because He Was Not Alert Week Ago Monday

SEVERAL FAVORITES IN MONDAY BATTLES

If Eddie Benesch of Youngstown takes his fighting seriously he will not be asleep as was Don De Genther when he got caught "off the bell" and proved a one-round TKO victim of Ike Bell here a week ago Monday night. His opponent next Monday night is Bill Pozzy a stiff puncher from Ellwood City who flattened George Butonovitch in one round in February and who decisioned Karl Korab in three hard fought rounds in March.

According to reports from the Jefferson A. C., Benesch gave Ike Bell a good fight in Youngstown, hence the fans are looking forward to action galore when the light-heavyweights clash in The Arena.

Bipp Baer, 16-year-old, who outboxed and outsmarted Freddie Conti in the last show will box Bobby Bell of Youngstown in the semi-final at 120. Fans were pleased with Baer and he will draw as many fans as Pozzy or Benesch.

Two Local Opponents

Chuck Gibbons of Ellwood City, has been one of the Arena's most consistent performers. Clyde Miller, his opponent, took a three rounds nod over Battling Lapinsky of Beaver Falls, a week ago Monday.

Jimmy Maloney, Ellwood City, in his last fight here defeated rugged Larry Polce. He has been listed to box Billy Ruman of Niles who is trained by the well liked Matt McGowan who brought out Sonny Horne, Frankie Genaro and others who made hits in amateur bouts here.

In all there will be eight bouts Monday night, including Nick Izzo against Bill Jameson, both of New Castle, in a heavyweight fight.

City Leaguers Are Warming Up

Many of the city baseball league teams, are engaging in pre-league games to get in shape for the Sunday opening.

Tonight the Slovaks will go to West Pittsburg to battle the "Gas House Gang" managed by the veteran "Blackie" Fundoots, and the West Side Tigers will play the Columbus Club at the E. & A. Field.

Friday the Moose will play the Universal Pottery at Marshall field and the West Side Tigers will play at West Pittsburg.

All games will start at 6 o'clock Daylight Time.

High Trackers At Meadville

Coach Bill Klee Taking Squad Of 25 To 30 For Dual Meet Under Lights

New Castle High School track and field team will have its first dual meet of the season tonight against Meadville High under the lights at Meadville High stadium, starting at 7 o'clock. Head Track Coach Bill Klee is taking a squad of between 25 and 30 to the Crawford County seat.

This will be the first night meet that New Castle has participated in for a number of years. The first home meet will be on May 7th, with Butler High coming here to the stadium, and possibly Farrell making it a triangular meet.

New Castle with a very well balanced squad turned in a great performance at the relays in Washington last Saturday taking second place with 21 points.

Locals Have Chance

New Castle will have an excellent chance of defeating the Meadvillians, tonight being almost assured of at least two places in the running broad jump, with Gene Gribble, Bob Post and Lou Gilmore entered. This trio set a new W. P. I. A. L. Relay Carnival record of 61 feet last Saturday.

New Castle is a little weak in the field events, but will make up for it in the track events, Coach Klee stated. Bob Post and Gillespie are almost certain to grab a first or second in the 100 or 220. Ralph Stokes a better than average distance runner is being counted on for places in the mile and half-mile.

Nelson To Play British Star

NEW YORK, May 2.—(INS)—Dick Burton, British open golf champion, has agreed to meet Byron Nelson, U. S. P. G. A. champ, in a special 36-hole match in this country.

The announcement was made today by Elmer Ward, sponsor of the Goodall Round Robin championship in which Nelson and Burton will meet at the Winged Foot Golf Club at Mamaroneck, N. Y., May 30 to June 2.

SONS OF ITALY TO BATTLE DUKES

Sons of Italy softball team will play the Duke of Abruzzi team a pre-league game at Dean park field Friday evening at 6 o'clock, it was announced by Manager Colella. New uniforms will be distributed and contracts signed Friday. "Tip" Richards has been secured as coach of the Sons of Italy.

City League To Open On Sunday, Card Five Games

Managers Decide To Start 1946 Schedule As Planned, Contracts Handed In

Following a hectic session last night the City Baseball League managers voted to open the 1946 schedule Sunday, May 5, with five games being carded. The games will start at 3 o'clock (weather permitting).

It was thought at first that the opening would have to be delayed for a week at least until some of the fields were in better shape, but the boys were anxious to get under way, and will start "playing ball".

Schedule Adopted

The schedule together with the contracts were turned into Charles "Bugs" Walther, president, and Michael Babovsky, secretary, last night. The managers voted to adopt the card as outlined by the schedule committee. The contracts were all checked and found in order.

Indications point to a successful league this year, with all 12 teams rather strong, being supplemented by returning servicemen.

Games For Sunday

The following games will be played Sunday:

Lawrence Indies at Moose Club, Marshall Field.

South Hill at Ryantown—Ryantown Field.

Duke of Abruzzi at American Legion—Washington Field.

Universal Pottery at West Pittsburg.

West Side Tigers at Columbus Club—E. & A. Field.

Sons of Italy vs. Slovak Club—cancelled.

Titan Golfers Trip Edinboro

Westminster Wins First Match Of Season At Field Club Course 8½-6½

NEW WILMINGTON, May 2.—Westminster College Titan golfers won their first match of the season yesterday at the New Castle Field Club course, defeating the Edinboro Teachers college team, 8½ to 6½, with Mike Magula shooting medal 81.

The win yesterday evened the score with Edinboro for the defeat handed the Titans on Tuesday at Edinboro.

The results: Westminster, R. Cleland 90-9½; Magula 81-3; Paine 88-1; Evanoff 88-3; Mary Louise Cleland 103-1—Total 8½.

Edinboro: Capp 83-2½; Gall 93-0; Rhode 87-2; Rogers 94-0; Eisman 99-2. Total 6½.

Three-Cornered Deal Consumated

Vince DiMaggio Goes To Giants, Clyde Kluttz To Cards, Verban To Phils

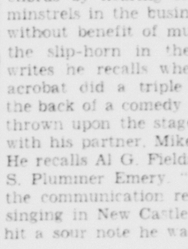

PITTSBURGH, May 2.—(INS)—The first three-cornered trade of the 1946 season was engineered today by the Philadelphia Phillies, the St. Louis Cardinals and the New York Giants.

Babe Alexander, travelling secretary of the Phillies, announced in Pittsburgh that Outfielder Vince DiMaggio was traded to the Giants for Catcher Clyde Kluttz and that Kluttz was immediately swapped for Infielder Emil Verban of the Cards.

All Will Benefit

Observers believed the trade will strengthen the three clubs involved. The Cards have been badly in need of a receiver since selling Walker Cooper to the Giants for $175,000; DiMaggio will help the raided and riddled Giants, and Verban, a classy fielder, will bolster the Phillies' inner defenses.

HERE AND THERE IN SPORTS' LAND

NOT so long ago there appeared in Here & There a yarn which started off with Joe Aquara, once known as "the boy with four voices" describing a boxing match and ending up concerning quartets. The yarn evoked a long missive from a former resident who, while he did not sign his name, knew a-plenty about what took place here for decades. It was passed on to Joe who put his stamp of approval on the communication. Inasmuch as it brings back memories of some who have passed on or gone to other cities and also of some who are yet here and interested, we're using some of the contents in the missive today to ask "Do you remember when—The quartet let loose with "Chinese Honeymoon" and "When You Wore a Tulip" at the Barry Boys basketball banquet? Arch Cubbison, Dave Bullano, Mooch Aquara and Bunny Rosenbloom were known as the "Close Harmony Four". When Bunny fought chords with Scoots Nelson and Ted Marlin and how Ted let loose with "When the Boat Arrives That Brings My Lovin' Daddy Home". Al Buser and Deacon Jones and when Jack Griffith sang "Sweetheart Lane" and Gene Klingensmith came through with "Floating Down the Mississippi River". And John Thomas, in the Imperial Minstrels, singing "Goodbye, Sweetheart, Goodbye" and "Good Night, a Thousand Goodnights" and Bill Scollins doing the "soft shoe" work. Clarence Reese showing the way with "I Want to Powder My Nose" then dwing into "Coaltown Katy" and "Hindoo Rose".

Steve Griffith, Harry Winters, Jack Griffith and Bill Scollins in the Opera House play, "Fifty Miles From Pittsburgh," singing "Sunbonnet Sue". Reese Prosser, former tin mill worker, coming to the city in Coburn's minstrels. He was a heater before Honey-Boy Evans put him in satind. He rolled 'em in the aisles with "Roll on Silvery Moon" and "Dear Old Girl". The local warblers always would pick up a few new chords by hearing Reese. And the Diamond brothers, one of the best minstrels in the business. Lew could turn out the hot licks on the cornet without benefit of mute or gilded hat, and when Herbie McBride played the slip-horn in the musical, "Little Jesse James". The ex-resident writes he recalls when John T. Horner costumed as a comedy ballet acrobat did a triple somersault through a paper hoop to land upon the back of a comedy wooden horse. The horse broke down and John was thrown upon the stage. He weighed 225. He bounced up and took a bow with his partner, Mike Graham and made an exit with "Off to Buffalo". He recalls Al G. Fields opening here in 1918 talking to the former judge, S. Plummer Emery. "It looks as though Joe Aquara started something" the communication reports. "It is strange so many young men took to singing in New Castle" the letter says and concludes that "if one of 'em hit a sour note he was given the heave-to."

Fair Or Foul

By LAWTON CARVER
(International News Service Sports Editor)

LOUISVILLE, Ky., May 2.—William Helis, the Golden Greek whose yearly income is said to run into the millions, is coming to Louisville Friday to watch Rippey run in the $100,000 Kentucky Derby on Saturday.

Helis is a game guy and a fine sportsman with a couple o f his millions invested in racing. A victory by his horse would be a blow in behalf of all that is nice about this business. Anybody will tell you that he deserves much more than many others the thrill and the honor of winning the derby.

Rippey Through

However, in case he wants to know what I think, I would advise him to save car fare and listen to the running of the derby—not that he needs the car fare. But it is still a waste of money for him to come traipsing off down here when probably his horse hasn't a chance.

Rippey won the mile derby trial Tuesday in the mud and in a stretch drive with Spy Song. He has only three days in which to come back off that mile grind and meet the challenge of such fit and rested steeds as Lord Boswell, winner of the Blue Grass stakes; Knockdown, winner of the Santa Anita derby; Pellicle, second in the Blue Grass, and Hampden, winner of the Chesapeake.

Never Been Done

It is noteworthy that no winner of the derby trial has ever won the derby itself. In fact, some trainers will tell you that a man has to be a little touched in the head to even run a good solid horse in a tough mile race three days before a $100,000 stake.

If the horse suffers even a minor hurt he doesn't have sufficient time in which to heal. If he gets locked in a drive such as the one engaged in by Rippey and Spy Song down the stretch he may be knocked out for the purposes of a mile and a quarter grind at the end of the week.

Terrific Pace

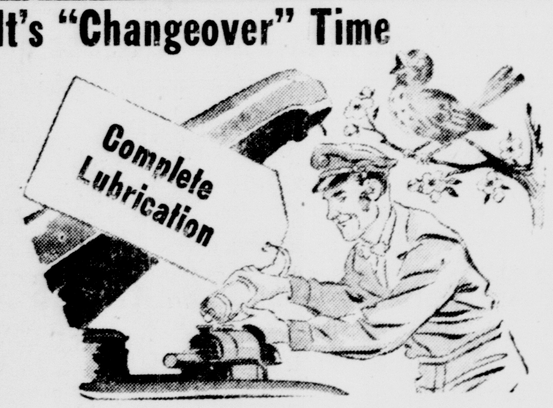

This is early in the year for three-year-olds, and some of them are not up to the terrible grind of a mile and a quarter in such a short span of time.

Rippey may upset all this and give his owner the biggest thrill that can befall a horseman, by winning the derby. But it is doubtful for reasons here cited, and the same goes for Spy Song, a ball of fire in a sprint, which set the early pace and was finally collared by a neck at the wire.

Twenty-Six Race Horses Destroyed In Chicago Blaze

Maine Chance Farms Heaviest Losers In $500,000 Blaze At Stable

SIX VALUABLE HORSES SAVED

CHICAGO, May 2.—(INS)—Twenty-six race horses owned by the Maine Chance farm were destroyed today when fire swept a stable at the Arlington Park race track near Chicago.

The loss was estimated at upward of $500,000 by Maine Chance representatives and firemen.

Six Horses Saved

Six of the 32 horses quartered in the Maine Chance barn were saved. Among the six were Beaugay, valued at more than $100,000, and War Date.

The remainder of the Maine Chance horses, including Kentucky Derby entries, are at Louisville, Ky.

The Maine Chance farm, regarded as America's leading racing stable, is owned by Mrs. Elizabeth Arden Graham.

Watchman Discovers Fire

The fire was discovered in the roof of Stable No. 3 by a watchman, Gilbert Jones. Immediately after he sounded an alarm a flash explosion showered the entire barn with sparks, Jones said.

The fire spread throughout the barn within a few minutes and flames shot 100 feet into the air.

Firemen from Arlington Heights and nearby Palatine gave aid to track firemen, and were successful in confining the blaze to the one barn.

Separate investigations of the fire were launched by Arlington Park officials and the Illinois Racing commission.

Wiring Inspected

Watchman Jones said he believed a short circuit in wiring near the roof may have started the fire. However, this theory was disputed by John D. Jackson, general manager of the track. He said:

"Only yesterday our electrician inspected the wiring in the Maine Chance barn, and found it was in order. Besides, all the wiring is encased in metal conduits.

"The fire could have been caused by spontaneous combustion, carelessness or from any of several other things. Even incendiarism cannot be ruled out as possibility."

SODALITY TO MEET

A council meeting of officers of the St. Vitus Sodality will be held this evening at 7:30 o'clock, in the convent, with prefect, Angeline Venditto, in charge. Regular meeting will be on May 9, instead of Many 16.

College baseball is on the upgrade, in the opinion of Penn State's veteran coach, Joe Bedenk.

U. S. Track Stars Invited To Europe

NEW YORK, May 2.—(INS)—A team of fourteen United States track and field athletes has been invited to participate in meets in Europe this summer by the Czechoslovakia A. A. U. The invitation is now up for consideration, but it is certain that it will be accepted.

Jointly with Vysokoskolsky Sportovni Klub of Prague, the Czechoslovakia A. A. U. invited the outstanding athletes at the National A. A. U. championships to be held in San Antonio, Texas, late in June. The itinerary calls for meets in France, Switzerland, Sweden and Czechoslovakia with the runners and field events men leaving New York by plane July 8.

Wealthy Bostonite Makes Highest Bid For Suffolk Downs

John Pappas Makes Offer Of $3,600,000 For Racing Plant, Ownership In Doubt

BOSTON, May 2.—(INS)—A bid of $3,600,000 for controlling interest in Suffolk Downs horse racing track was made Wednesday at public auction, but ownership still remained in doubt.

The highest bid was made by John Pappas, wealthy Boston importer and sportsman, head of a syndicate of four men.

The federal court must confirm the bid. A conflicting bid of a smaller block of stock must be considered and a new board of directors of the track elected.

Pappas is head of the Greek Relief society.

A conflict in the bidding came when the Aldred Investment Trust, headed by a New York group, offered for sale a block of 7,500 shares, part of the 14,991 shares which it owns.

If the federal court rejects the Pappas bid for the full 14,991 shares, it then must pass on the smaller block. The offer for this block was $1,725,000. It was made by Robert H. Radsch, of New York.

Members of the Pappas syndicate are the brothers, John and Thomas Pappas, J. Arthur Warren, investment broker of Greenwich, Conn., with offices in various sections of New England, and William E. Hellas, New Orleans, La., oil magnate.

Byrnes Apparently Steps Into French Domestic Politics

PARIS, May 2—(INS)—The headlines of Paris' newspapers today led political observers to the conclusion that Secretary of State James Byrnes has stepped—and apparently not by accident—into the arena of French domestic politics.

Coming elections soon will determine whether the communist or western influences will dominate France.

Press reaction to the trans-Atlantic telephone conversation between President Truman and French Foreign Minister Georges Bidault interpreted the call as part of a tug-of-war between Moscow and Washington for influence in France. The call was arranged by Byrnes.

The conservative press headlined Truman's assurances of food and financial credits to France.

The communist newspaper L'Humanite dropped the story to small type and placed it on an inside page.

Barney Ewell, Penn State's erstwhile sprint star, is prepping for outdoor competition this summer.

LEGAL NOTICES

Sale Notice

Private Sale of Land Formerly Sold for Taxes.

Notice hereby is given that Alvah M. Shumaker, L. S. & T. Bldg., New Castle, Pennsylvania, has offered the sum of Three Hundred Seventy-five ($375.00) dollars, for the purchase of certain land situate in the Sixth Ward of the City of New Castle, Lawrence County, Pennsylvania said land being bounded and described as follows:

Designated as Lot No. 90 in Section #5 of the Official City Survey and described as follows:

Bounded on the North by State street a distance of 167 feet, more or less, on the East by a 12-foot alley 145.6 feet; on the South by an alley or lands now or late of Pasquale Magno et ux., 79.5 feet, and on the West by other lands of said Pasquale Magno et ux., a distance of 116 feet.

For chain of title to said lands, see deeds to Ella A. Caine, Trustee, recorded in Deed Book Vol. 240, page 372, 380 and 382.

Said Three Hundred Seventy-five ($375.00) dollars to be paid in cash.

Said land was sold to the County of Lawrence by the County Treasurer as the property of City of New Castle and Ella Cain, by two sales, one of which was dated March 27, 1942, and recorded in Treasurer's Deed Book II, page 241, the other being dated June 9, 1930, and recorded in Treasurer's Deed Book 6, page 37, and that the County Commissioners of said County have presented their petition to the Court of Common Pleas of Lawrence County, Pennsylvania, at No. 89 June Term, 1946, wherein they pray for an order of Court approving said sale, and the Court has fixed a hearing on the matter of the approval of said sale at the Court House, New Castle, Pennsylvania, on Wednesday the 8th day of May, 1946, at 10 o'clock A.M. Eastern Standard Time.

That the total amount of taxes, penalties, interest and costs against said property is the sum of One Thousand Forty-seven and 47/100 ($1,047.47) dollars.

Objections to said sale may be made at any time at prior to said hearing.

Scout Council Buys Materials At Camp Reynolds

Lawrence County Boy Scout Council has purchased some of the surplus material at the Camp Reynolds site, it was announced today by Thomas Allen, commissioner.

The purcheses included 50 wooden double-deck beds, a quantity of silverware, a dozen assorted pans, a supply of iron cooking pots and 200 mattress covers.

Recently the council bought 100 nylon two-man mountain tents, from Chicago, and have on order a supply of sleeping bags.

These items will be distributed among the county troops and also utilized at the summer camp site, Mr. Allen said.

MARKET TODAY IS IRREGULAR

NEW YORK, May 2—(INS)—The main body of stocks sought lower ground today through a few specialties enjoyed a light demand.

Losses in pivotals such as steel, motor and utility equities were fractional. Liquors were a stronger group.

Trading ran about the same as yesterday when 980,000 shares changed hands.

Distillers Corp.-Segrams soared 5 points at the opening. Park & Tilford gained 2 points. Glmbel Bros. carved out a 4 point gain in the first hour.

Rails hovered near Wednesday's closes. General Motors and U. S. Steel lagged a half point each. Douglas Aircraft improved ¾. Oils communications, and coppers were firm to earlier.

Bonds were firm.

The curb market was quiet.

CARD TRICKS FLOP

PORTLAND, Ore.—(INS)—The natives of New Guinea didn't crack a smile when Maj. Billy Bishop of Portland flashed the card tricks with which he used to mystify the folks at home. The fuzzy-headed natives couldn't see anything in the cards but were more interested in the complicated cameras with which the major was taking aerial photos.

VETS TAKE OVER

HAMILTON, N. Y.—(INS)—Eighty-five per cent of the civilian juniors and seniors at Colgate university, 53 per cent of the sophomores and 79 per cent of the freshmen are returned veterans, according to figures released by the veterans' office today. Ninety-eight, or 21 per cent, of the 447 veterans at the college are married.

PENNSYLVANIA SAILS FOR BIKINI BOMB TESTS

WITHOUT ANY FANFARE, the U. S. battleship *Pennsylvania* once flagship of the Pacific Fleet, steams out of Los Angeles harbor bound for a rendezvous with an atomic bomb in Bikini Atoll waters. She is the first of three old battlewagons to leave the California port for the tests, scheduled to be held in July. The *Pennsylvania* was damaged at Pearl Harbor, but was quickly repaired and returned to active duty. (*International*)

A NEW CHINA IS EMERGING WITH U.S. AID

STARTLING CHANGES are taking place in China, which for centuries clung to the ideas and traditions of its ancient culture. The unity of opposing forces brought about by U. S. Ambassador Gen. George C. Marshall, and American material aid, has helped to bring about the amazing metamorphosis. Chinese women, treated like chattels through the ages, are playing increasingly important roles in every phase of the new China. Symbolizing the emancipation is this scene in Criminal Court in Pishan. Miss Li Hsia-ping (center) is the judge and Miss Tsai Pin-tung is the court's prosecutor at a typical hearing. Sees British Loan Plan Subterfuge

WASHINGTON, May 2.—(INS)—Sen. Brooks (R) Ill., opposed the British loan as a "subterfuge" by which America forgives 25 billion dollars of lend-lease.

He said the loan of three and three-quarter billion "fresh American dollars" would be made in return for "future promises full of escape clauses and loopholes."

Brooks told the Senate that the American negotiators insisted upon calling the agreement a "loan" in face of British assertions that the king's governmet would be unable to repay.

County Replies To City Council On Road Damages

County Commissioners Earl R. Wimer, Karl T. Rohrer, and Joseph F. Travers today made public the position of the Board of County Commissioners in the matter of aiding the city in damages caused by the relocation of Route 422 over Sampson street.

Speaking for himself and his two colleagues, Mr. Wimer said, "The city council asked us if we would aid in the payment of damages caused by the new highway location and our reply was that we would be willing to pay $5000. This would be in addition to the $15,000 we are paying the state as a share of the damages on the highway between the city line and New Bedford. Ordinarily the county has had to assume all damages but in this case the state is assuming some of the burden.

Nothing in Budget

"Council seemed to believe $5000 was not a large enough share and said the city had made no preparations in its budget for road damages. Quite naturally the county has made no budgetary provisions for damages within the city limits but we can transfer $5000 if the city wishes it.

"The city now gets a share of the gasoline tax and within the year will have received about $24,000 of this money from the state. In addition it has moneys from the parking meters, and the city's share of rentals, now in the county treasury is about $25,000.

"The money the county gets from the state from the liquid fuels tax is earmarked. It can be spent for bond payments, interest on bonds, road damages or bridge maintenance. No other use is permitted with the money. We still have road bonds outstanding which are being cut down each year and the expense of bridge maintenance each year is heavy. Also, road damages in the rural areas are paid out of of this money.

Spent in New Castle

"In our conference with the city officials the statement was made that the city of New Castle paid about 65 per cent of the taxes collected by the county but that the city got little back. How true this position is may be seen by a break down of the county's budget. The budget for general purposes is $529,517.55, and for institutional purposes $138,205.75, a grand total of $667,723.30.

"One of the large expenditures every year is the salary roll. The county salary rolls approximates $200,000. Of this total about $170,000 goes to men and women who reside in the city, but who are employed by the county. Expenses for elections held in New Castle in 1945 totalled $4600. The payment to the state for New Castle prisoners in the penitentiaries amounts to about $14,000 per year. Hospital charges for New Castle people sent in amounts to about $8000.

"In the matter of bridge maintenance, which comes from the liquid fuels tax. Since 1940 the county commissioners have spent upon bridges located within the city, $106,305.24 or an average of about $20,000 per year.

"These are expenditures easily seen. Other expenditures which would be difficult to break down would include court house maintenance, costs of court terms, maintenance of the jail, the cost of maintaining the juvenile and parole system, the extra cost to the county of collecting delinquent school taxes. Adding it all up it seems to us that while it is perfectly true the city pays some 65 per cent of the taxes, about 75 per cent of the expenditures are made in the city. This is said not to create a controversy but to show facts as they are.

"The new highway route will be a fine thing for all of us, whether we are residents of the city, a boro or a township. There will be some cost to all of us but the improvement will be worth it. Because our budget is a close one this year, the commissioners feel that $5000 is a fair contribution to the damage to be paid by the city."

Needed Surplus Materials Return May Be Speeded Up

Reconversion Director Snyder To Review Overseas Surplus Material Situation

WASHINGTON, May 2.—(INS)—Reconversion Director John W. Snyder promised a protesting Senate committee Wednesday that he will review the program for bringing needed surplus materials from all war theaters back to the United States.

Snyder, explaining that his program in the Pacific was delayed because "we had to wait until Gen. MacArthur got settled," told the Senate War Investigating Committee that a total of two million tons of civilian-type items will have been returned from that area by next September.

The reconversion chief declared: "We had seven agencies handling this problem. Now we have one—and if it appears to the committee that it is not working, we can have a review."

Committee members maintained that construction and transportation equipment is standing idle in Europe, neither being used to rehabilitate devastated lands nor being returned for use at home.

Brig. Gen. Theodore M. Osborne produced figures showing that only 2,300 tons out of 516,400 tons of engineering equipment declared surplus in Europe, excluding the United Kingdom—actually had been shipped home as of February 28. The army, he said, still had in custody 514,000 tons of the total.

The dirigibles Akron and Macon weighed more than 250,000 pounds each. Buoyance was provided by the weight of the helium being less than the air it displaced.
